9th Floor, Grepalife Building, 219 Sen. Gil Puyat Avenue, Makati City

**STATEMENT OF MANAGEMENT'S RESPONSIBILITY FOR CONSOLIDATED
FINANCIAL STATEMENTS**

The management of House of Investments, Inc. and Subsidiaries is responsible for the preparation and fair presentation of the consolidated financial statements including the schedules attached therein, for the years ended December 31, 2021, 2020 and 2019, in accordance with the prescribed financial reporting framework indicated therein, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Company's financial reporting process.

The Board of Directors reviews and approves the financial statements including the schedules attached therein, and submits the same to the stockholders or members.

SyCip, Gorres, Velayo & Co., the independent auditor appointed by the stockholders, has audited the financial statements of the company in accordance with Philippine Standards on Auditing, and in its report to the stockholders or members, has expressed its opinion on the fairness of presentation upon completion of such audit.

INDEPENDENT AUDITOR'S REPORT

The Board of Directors and the Stockholders
House of Investments, Inc.
9th Floor, Grepalife Building
221 Sen. Gil J. Puyat Avenue
Makati City, Metro Manila

Opinion

We have audited the consolidated financial statements of House of Investments, Inc. (the Parent Company) and its subsidiaries (the Group), which comprise the consolidated statements of financial position as at December 31, 2021 and 2020, and the consolidated statements of income, consolidated statements of comprehensive income, consolidated statements of changes in equity and consolidated statements of cash flows for each of the three years in the period ended December 31, 2021, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as at December 31, 2021 and 2020, and its consolidated financial performance and its consolidated cash flows for each of the three years in the period ended December 31, 2021 in accordance with Philippine Financial Reporting Standards (PFRSs).

Basis for Opinion

We conducted our audits in accordance with Philippine Standards on Auditing (PSAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the Code of Ethics for Professional Accountants in the Philippines (Code of Ethics) together with the ethical requirements that are relevant to our audit of the consolidated financial statements in the Philippines, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

Recognition of revenue from construction contracts

The Group's revenue from construction projects on electro-mechanical works, industrial, buildings and infrastructure accounts more than 63% of the total revenue of the Group. Under PFRS 15, *Revenue from Contracts with Customers*, the Group assessed that there is only one performance obligation for each construction agreement that it has entered and that revenue arising from such agreements qualify for recognition over time. The Group also recognized as part of its construction revenue, the effects of variable considerations arising from various change orders and claims, to the extent that they reflect the amounts the Group expects to be entitled to and to be received from the customers, provided that it is highly probable that a significant reversal of the revenue recognized in connection with these variable considerations will not occur in the future. The Group elected to use the input method to measure the progress of the fulfilment of its performance obligation, which is based on the actual costs incurred to date relative to the total estimated cost to complete the construction projects.

Aside from the significance of the amount involved, we consider this as a key audit matter because this process involves significant judgment and estimates, particularly with respect to the estimation of the variable considerations arising from the change orders and claims and calculation of estimated cost to complete construction projects, which requires the technical expertise of the Group's engineers.

The Group's disclosures about construction revenue are included in Notes 4 and 23 to the consolidated financial statements.

Audit response

We inspected sample contracts and supplemental agreements and reviewed management's assessment on the identification of performance obligation within the contract and the timing of revenue recognition. For construction revenue which includes significant effects of the variable considerations, we obtained an understanding and tested the relevant controls over the management's process to estimate the amount of consideration expected to be received from the customers. For change orders and claims of sampled contracts, we compared the amounts recognized as revenue to the change orders and claims approved by the customers and other relevant documentary evidences supporting the management's estimate of revenue recognized.

For the measurement of progress of the construction projects, we obtained an understanding of the Group's processes to accumulate actual costs incurred and to estimate the expected cost to complete and tested the relevant controls. We also tested actual costs incurred by examining sample invoices and other supporting third-party correspondences. We also considered the competence, capabilities and objectivity of the Group's cost engineers by referring to their qualifications, experience and reporting responsibilities. We examined the approved total estimated completion costs, any revisions thereto, and the cost variance analysis with supporting details. We discussed the status of the projects under construction with the Group's engineers. We also inspected the related project documentation and inquired about the significant deviations from the targeted completion.

Accounting for investment in Al-Rushaid Construction Company Ltd.

The Group, through EEI, owns 49% equity interest in Al-Rushaid Construction Company Ltd. (ARCC), associate accounted for under the equity method. We consider the accounting for the investment in ARCC as a key audit matter because the Group's share in ARCC's net earnings and the carrying value of the investment represents 41% of the Group's consolidated net income and 3% of the Group's total assets, respectively. The Group's share in ARCC's net earnings is significantly affected by ARCC's revenue recognition from its construction contracts. In addition, management's assessment process on the recognition of deferred tax asset is based on assumptions, which are affected by expected future market or economic conditions.

The Group's disclosures about the investment in ARCC are included in Note 12 to the consolidated financial statements.

Audit response

We sent instructions to statutory auditors of ARCC to perform an audit on the relevant financial information of ARCC for the purpose of the Group's consolidated financial statements. These audit instructions cover their scope of work, risk assessment procedures, audit strategy and reporting responsibilities. We discussed with ARCC's statutory auditors about their key audit areas, planning and execution of audit procedures, significant areas of estimation and judgment. We reviewed their working papers, focusing on the procedures performed on ARCC's revenue recognition, and obtained relevant conclusion statements related to their audit procedures.

We also obtained the financial information of ARCC for the year ended December 31, 2021 and recomputed the Group's share in net earnings for the year ended December 31, 2021.

Valuation of unquoted equity investments carried at fair value through other comprehensive income

The Group has investments in unquoted equity securities of Hermosa Ecozone Development Corporation (HEDC) carried at fair value through other comprehensive income. As of December 31, 2021, the investments' carrying values amounted to ₱404.38 million. In determining the fair values of these investments, the Group engaged external valuers and exercised judgments in selecting the appropriate valuation methodology. This includes using assumptions and inputs taking into consideration the industry where the investee operates. This matter is significant to our audit because estimating the fair value of an unquoted equity instrument involves the use of valuation inputs that are not observable in the market.

The Group's disclosures about its unquoted equity investments are included in Notes 11 and 38 to the consolidated financial statements.

Audit response

We evaluated the competence, capabilities and qualifications of the external valuers by considering their qualifications, experience and reporting responsibilities. We involved our internal specialist in the review of the methodology and assumptions used in the valuation of unquoted equity investment valued, which include sales price of comparable properties with reference to market data and cost to develop the parcels of land of HEDC. We also reviewed the Group's disclosures about those assumptions to which the outcome of the valuation is most sensitive; specifically, those that have the most significant effect on the determination of the fair value of the unquoted equity investments.

Valuation of land classified as property and equipment

The Group accounts for its land, where the school buildings and other facilities are located, using the revaluation model. As at December 31, 2021, the carrying value of the Group's land amounted to ₱8,291.62 million, representing 14% of the Group's total assets. The valuation of the land requires the assistance of external appraisers whose calculations involve certain assumptions, such as sales price of similar properties and adjustments to sales price based on internal and external factors. This matter is significant to our audit because it involves significant judgment and estimates.

Refer to Notes 4 and 13 to the consolidated financial statements for the detailed disclosures.

Audit response

With the assistance of our internal specialist, we reviewed the scope, bases, methodology and results of the work done by the Group's external appraisers whose professional qualifications and objectivity were also taken into consideration. We compared the relevant information supporting the sales price of similar properties and the adjustments made to the sales price against real estate industry data and made inquiries to the external appraisers as to the basis. We also reviewed the Group's disclosures with respect to the fair value of the land.

Recoverability of nonfinancial assets

Under PFRSs, the Group is required to annually test for impairment the nonfinancial assets such as the goodwill, intellectual property rights with infinite life, property and equipment and right-of-use assets, which are considered significant to the consolidated financial statements. In addition, management's assessment process involves judgments and is based on assumptions which are subject to higher level of estimation uncertainty due to the current economic conditions which have been impacted by the coronavirus pandemic. The assumptions used in estimating the discounted cash flow projections include forecasted revenue, long-term growth rates, royalty rates, and discount rates.

The Group's disclosures about nonfinancial assets are included in Notes 4, 14, 15 and 17 to the consolidated financial statements.

Audit response

We involved our internal specialist in evaluating the methodology and assumptions used. We obtained an understanding of the Group's impairment model and the assumptions on the key business drivers of the cash flow forecasts such as the revenue. We checked if the Group has considered the impact of the coronavirus pandemic on these key assumptions and also compared them against historical performance. We compared the long-term growth rates and royalty rates against relevant published market information. We tested the parameters used in the determination of discount rates against market data. In addition, we reviewed the Group's disclosures about those assumptions to which the outcome of the impairment tests is most sensitive, that is, those that have the most significant effect on the determination of the recoverable amount of these assets.

Adequacy of allowance for expected credit loss (ECL)

The Group, through iPeople, applies simplified approach in calculating expected credit loss (ECL) on its receivables derived from education segment. Under this approach, the Group establishes a provision matrix that is based on its historical credit loss experience and adjusted for forward-looking factors specific to the debtors and the economic environment. Allowance for ECL and the provision for ECL as of and for the year ended December 31, 2021 amounted to ₱289.89 million and ₱114.23 million, respectively.

The Group's calculation of allowance for ECL is significant to our audit as it involves the exercise of significant management judgment. Key areas of judgment include: segmenting the Group's credit risk exposures; defining default; determining assumptions to be used in the ECL model such as the expected life of the financial asset; and incorporating forward-looking information (called overlays), including the impact of the coronavirus pandemic, in calculating ECL.

The disclosures on the allowance for ECL are included in Notes 4 and 7 to the consolidated financial statements.

Audit response

We updated our understanding of the approved methodology and assumptions used for the Group's different credit exposures and reassessed whether these considered the requirements of PFRS 9 to reflect an unbiased and probability-weighted outcome and the best available forward-looking information.

We (a) assessed the Group's segmentation of its credit risk exposures based on homogeneity of credit risk characteristics; (b) tested the definition of default against historical analysis of accounts and credit risk management policies and practices in place and management's assessment of the impact of the coronavirus pandemic on the counterparties; (c) tested historical loss rates by inspecting historical recoveries including the write-offs; (d) checked the classification of outstanding exposures to their corresponding aging buckets; and (e) evaluated the forward-looking information used for overlay through statistical test and corroboration using publicly available information and our understanding of the Group's receivable portfolios and industry practices, including the impact of the coronavirus pandemic.

Further, we checked the data used in the ECL models, such as the historical analysis of defaults, and recovery data, by reconciling data from loss allowance analysis/model to the source reports and financial reporting system. To the extent that the loss allowance analysis is based on credit exposures that have been disaggregated into subsets with similar risk characteristics, we traced or re-performed the disaggregation from source reports to the loss allowance analysis.

We also recalculated the impairment provisions. We checked the disclosures made in the financial statements on allowance for ECL by tracing such disclosures to the ECL analysis prepared by management.

Other Information

Management is responsible for the other information. The other information comprises the information included in the SEC Form 20-IS (Definitive Information Statement), SEC Form 17-A and Annual Report for the year ended December 31, 2021, but does not include the consolidated financial statements and our auditor's report thereon. The SEC Form 20-IS (Definitive Information Statement), SEC Form 17-A and Annual Report for the year ended December 31, 2021 are expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audits of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audits, or otherwise appears to be materially misstated.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with PFRSs, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with PSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with PSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Wenda Lynn M. Loyola.

HOUSE OF INVESTMENTS, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. Corporate Information and Authorization for Issuance of Consolidated Financial Statements

Corporate Information

House of Investments, Inc. (the Parent Company) is a stock corporation incorporated under the laws of the Republic of the Philippines on May 21, 1959. As per Section 11 of Revised Corporation Code (RCC) enacted in 2020, a corporation shall have perpetual existence unless its articles of incorporation provide otherwise. Further explained in Securities and Exchange Commission (SEC) Memorandum Circular No. 22 Series of 2020, “the corporate term of a corporation with certificate of incorporation issued prior to the effectivity of the RCC and which continue to exist, shall be deemed perpetual upon the effectivity of the RCC, without any action on the part of the corporation.” Thus, there is no need to amend or extend Parent Company’s corporate life as it already enjoys perpetual existence.

The Parent Company and its subsidiaries (collectively known as the Group) are primarily engaged in car dealership, construction, education, afterlife services, consumer finance, property management, project management, security and pharmaceuticals.

The Parent Company’s common stock was listed with the Philippine Stock Exchange (PSE) on July 2, 1962, the Parent Company’s initial public offering. The Parent Company’s shares of stock are currently traded at the PSE. The ultimate parent company of the Group is Pan Malayan Management and Investment Corporation (PMMIC), a domestic corporation.

The registered office address and principal place of business of the Parent Company is at 9th Floor, Grepalife Building, 221 Sen. Gil J. Puyat Avenue, Makati City, Metro Manila.

Authorization for Issuance of Consolidated Financial Statements

The consolidated financial statements were approved and authorized for issue by the Board of Directors (BOD) on April 8, 2022.

2. Basis of Preparation and Statement of Compliance

Basis of Preparation

The consolidated financial statements of the Group have been prepared under the historical cost basis, except for land, which is carried at revalued amount and financial assets at FVPL, included as part of “Prepaid expenses and other current assets,” and FVOCI which are measured at fair value. The accompanying consolidated financial statements are presented in Philippine Peso (Php, ₱), which is also the Parent Company’s functional currency. Except as indicated, all amounts are rounded off to the nearest peso.

Statement of Compliance

The consolidated financial statements have been prepared in compliance with Philippine Financial Reporting Standards (PFRSs).

Basis of Consolidation

The consolidated financial statement include the Parent Company and the following companies that it controls:

	Place of Incorporation	Nature of Business	Functional Currency	Percentage of Ownership

(a) In July 2021, the Parent Company acquired additional 27,000,000 shares resulting to 100% ownership of HCI (Note 36).

(b) On May 14, 2021, EEI Carga was incorporated as a wholly subsidiary of EEI. EEI Carga's primary purpose is to own and operate a digital logistics platform that enables shippers to deliver their products through various transportation options available in the platform. EEI Carga's financial year end is December 31.

The consolidated financial statements are prepared for the same reporting year as the Parent Company, using consistent accounting policies. All significant intercompany balances and transactions, including income, expenses and dividends, are eliminated in full. Profits and losses resulting from intercompany transactions that are recognized in assets are eliminated in full.

The financial statements of the subsidiaries are prepared for the same reporting year as the Parent Company, using consistent accounting policies.

Control is achieved when the Parent Company is exposed, or has rights to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Parent Company controls an investee if and only if the Parent Company has:

- power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee);
- exposure, or rights, to variable returns from its involvement with the investee; and
- the ability to use its power over the investee to affect its returns.

When the Parent Company has less than a majority of the voting or similar rights of an investee, the Parent Company considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- the contractual arrangement with the other vote holders of the investee;
- rights arising from other contractual arrangements; and
- the Parent Company's voting rights and potential voting rights.

The Parent Company re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Parent Company obtains control over the subsidiary and ceases when the

Parent Company loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statements of income and consolidated statements of comprehensive income from the date the Parent Company gains control until the date the Parent Company ceases to control the subsidiary.

Subsidiaries are fully consolidated from the date of acquisition, being the date on which the Parent Company obtains control, and continue to be consolidated until the date when such control ceases.

Losses within a subsidiary are attributed to the non-controlling interest until the balance is reduced to nil. A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Parent Company loses control over a subsidiary, it:

- Derecognizes the assets (including goodwill) and liabilities of the subsidiary;
- Derecognizes the carrying amount of any non-controlling interests;
- Recognizes the fair value of the consideration received;
- Recognizes the fair value of any investment retained;
- Reclassifies to profit or loss, or transfer directly to retained earnings if required by other PFRSs, the amounts recognized in other comprehensive income in relation to the subsidiary; and recognizes any resulting difference as a gain or loss in profit or loss attributable to the Parent Company

Non-controlling interests (NCI) represent the portion of equity not attributable to the Parent Company. Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the Parent Company and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. Non-controlling interests are presented separately in the consolidated statements of comprehensive income and within the equity section of the consolidated statements of financial position and consolidated statements of changes in equity, separately from the equity attributable to equity holders of the Parent Company.

3. Changes in Accounting Policies and Disclosures

The accounting policies adopted are consistent with those of the previous financial year, except that the Group has adopted the following new accounting pronouncements starting January 1, 2021. Adoption of these pronouncements did not have any significant impact on the Group's financial statements unless otherwise indicated.

- Amendment to PFRS 16, *COVID-19-related Rent Concessions beyond June 30, 2021*
The amendment provides relief to lessees from applying the PFRS 16 requirement on lease modifications to rent concessions arising as a direct consequence of the COVID-19 pandemic. A lessee may elect not to assess whether a rent concession from a lessor is a lease modification if it meets all of the following criteria:
 - The rent concession is a direct consequence of COVID-19;
 - The change in lease payments results in a revised lease consideration that is substantially the same as, or less than, the lease consideration immediately preceding the change;
 - Any reduction in lease payments affects only payments originally due on or before June 30, 2022; and
 - There is no substantive change to other terms and conditions of the lease.

A lessee that applies this practical expedient will account for any change in lease payments resulting from the COVID-19 related rent concession in the same way it would account for a change that is not a lease modification, i.e., as a variable lease payment.

The amendment is effective for annual reporting periods beginning on or after April 1, 2021. Early adoption is permitted.

The adoption of the amendments has no impact to the Group's consolidated financial statements since the Group has no lease concessions.

- Amendments to PFRS 9, PFRS 7, PFRS 4 and PFRS 16, *Interest Rate Benchmark Reform - Phase 2*

The amendments provide the following temporary reliefs which address the financial reporting effects when an interbank offered rate (IBOR) is replaced with an alternative nearly risk-free interest rate (RFR):

- Practical expedient for changes in the basis for determining the contractual cash flows as a result of IBOR reform
- Relief from discontinuing hedging relationships
- Relief from the separately identifiable requirement when an RFR instrument is designated as a hedge of a risk component

The Group shall also disclose information about:

- The nature and extent of risks to which the entity is exposed arising from financial instruments subject to IBOR reform, and how the entity manages those risks; and
- Their progress in completing the transition to alternative benchmark rates, and how the entity is managing that transition

The amendments are effective for annual reporting periods beginning on or after January 1, 2021 and apply retrospectively, however, the Group is not required to restate prior periods. The adoption of the amendment did not impact the Group's financial statement as of December 31, 2021.

Standards Issued But Not Yet Effective

Pronouncements issued but not yet effective are listed below. The Group intends to adopt the following pronouncements when they become effective. The adoption of these pronouncements is not expected to have a significant impact on the Group's consolidated financial statements unless otherwise indicated.

Effective beginning on or after January 1, 2022

- Amendments to PFRS 3, *Reference to the Conceptual Framework*

The amendments are intended to replace a reference to the Framework for the Preparation and Presentation of Financial Statements, issued in 1989, with a reference to the Conceptual Framework for Financial Reporting issued in March 2018 without significantly changing its requirements. The amendments added an exception to the recognition principle of PFRS 3, *Business Combinations* to avoid the issue of potential 'day 2' gains or losses arising for liabilities and contingent liabilities that would be within the scope of PAS 37, *Provisions, Contingent Liabilities and Contingent Assets* or Philippine-IFRIC 21, *Levies*, if incurred separately.

At the same time, the amendments add a new paragraph to PFRS 3 to clarify that contingent assets do not qualify for recognition at the acquisition date.

The amendments are effective for annual reporting periods beginning on or after January 1, 2022 and apply prospectively. The Group is still assessing the impact of the amends to the consolidated financial statements.

- Amendments to PAS 16 , *Plant and Equipment: Proceeds before Intended Use*

The amendments prohibit entities deducting from the cost of an item of property, plant and equipment, any proceeds from selling items produced while bringing that asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Instead, an entity recognizes the proceeds from selling such items, and the costs of producing those items, in profit or loss.

The amendment is effective for annual reporting periods beginning on or after January 1, 2022 and must be applied retrospectively to items of property, plant and equipment made available for use on or after the beginning of the earliest period presented when the entity first applies the amendment.

The amendments are not expected to have a material impact on the Group.

- Amendments to PAS 37, *Onerous Contracts - Costs of Fulfilling a Contract*

The amendments specify which costs an entity needs to include when assessing whether a contract is onerous or loss-making. The amendments apply a “directly related cost approach”. The costs that relate directly to a contract to provide goods or services include both incremental costs and an allocation of costs directly related to contract activities. General and administrative costs do not relate directly to a contract and are excluded unless they are explicitly chargeable to the counterparty under the contract.

The amendments are effective for annual reporting periods beginning on or after January 1, 2022. The Group will apply these amendments to contracts for which it has not yet fulfilled all its obligations at the beginning of the annual reporting period in which it first applies the amendments.

The amendments are not expected to have a material impact on the Group.

- *Annual Improvements to PFRSs 2018-2020 Cycle*

- Amendments to PFRS 1, *First-time Adoption of Philippines Financial Reporting Standards, Subsidiary as a first-time adopter*

The amendment permits a subsidiary that elects to apply paragraph D16(a) of PFRS 1 to measure cumulative translation differences using the amounts reported by the parent, based on the parent’s date of transition to PFRS. This amendment is also applied to an associate or joint venture that elects to apply paragraph D16(a) of PFRS 1.

The amendment is effective for annual reporting periods beginning on or after January 1, 2022 with earlier adoption permitted. The amendments are not expected to have a material impact on the Group.

- Amendments to PFRS 9, *Financial Instruments, Fees in the '10 per cent' test for derecognition of financial liabilities*

The amendment clarifies the fees that an entity includes when assessing whether the terms of a new or modified financial liability are substantially different from the terms of the original financial liability. These fees include only those paid or received between the borrower and the lender, including fees paid or received by either the borrower or lender on the other's behalf. An entity applies the amendment to financial liabilities that are modified or exchanged on or after the beginning of the annual reporting period in which the entity first applies the amendment.

The amendment is effective for annual reporting periods beginning on or after January 1, 2022 with earlier adoption permitted. The Group will apply the amendments to financial liabilities that are modified or exchanged on or after the beginning of the annual reporting period in which the entity first applies the amendment. The amendments are not expected to have a material impact on the Group. The Group is still assessing the impact of the amends to the consolidated financial statements.

- Amendments to PAS 41, *Agriculture, Taxation in fair value measurements*

The amendment removes the requirement in paragraph 22 of PAS 41 that entities exclude cash flows for taxation when measuring the fair value of assets within the scope of PAS 41.

An entity applies the amendment prospectively to fair value measurements on or after the beginning of the first annual reporting period beginning on or after January 1, 2022 with earlier adoption permitted. The amendments are not expected to have a material impact on the Group.

Effective beginning on or after January 1, 2023

- Amendments to PAS 12, *Deferred Tax related to Assets and Liabilities arising from a Single Transaction*

The amendments narrow the scope of the initial recognition exception under PAS 12, so that it no longer applies to transactions that give rise to equal taxable and deductible temporary differences.

The amendments also clarify that where payments that settle a liability are deductible for tax purposes, it is a matter of judgement (having considered the applicable tax law) whether such deductions are attributable for tax purposes to the liability recognized in the financial statements (and interest expense) or to the related asset component (and interest expense).

An entity applies the amendments to transactions that occur on or after the beginning of the earliest comparative period presented for annual reporting periods on or after January 1, 2023.

The Group is still assessing the impact of the amendments to the consolidated financial statements.

- Amendments to PAS 8, *Definition of Accounting Estimates*

The amendments introduce a new definition of accounting estimates and clarify the distinction between changes in accounting estimates and changes in accounting policies and the correction of errors. Also, the amendments clarify that the effects on an accounting estimate of a change in an input or a change in a measurement technique are changes in accounting estimates if they do not result from the correction of prior period errors.

An entity applies the amendments to changes in accounting policies and changes in accounting estimates that occur on or after January 1, 2023 with earlier adoption permitted. The amendments are not expected to have a material impact on the Group.

- Amendments to PAS 1 and PFRS Practice Statement 2, *Disclosure of Accounting Policies*

The amendments provide guidance and examples to help entities apply materiality judgements to accounting policy disclosures. The amendments aim to help entities provide accounting policy disclosures that are more useful by:

- Replacing the requirement for entities to disclose their ‘significant’ accounting policies with a requirement to disclose their ‘material’ accounting policies, and
- Adding guidance on how entities apply the concept of materiality in making decisions about accounting policy disclosures

The amendments to the Practice Statement provide non-mandatory guidance. Meanwhile, the amendments to PAS 1 are effective for annual periods beginning on or after January 1, 2023. Early application is permitted as long as this fact is disclosed. The Group is still assessing the impact of the amends to the consolidated financial statements.

Effective beginning on or after January 1, 2024

- Amendments to PAS 1, *Classification of Liabilities as Current or Non-current*

The amendments clarify paragraphs 69 to 76 of PAS 1, *Presentation of Financial Statements*, to specify the requirements for classifying liabilities as current or non-current. The amendments clarify:

- What is meant by a right to defer settlement
- That a right to defer must exist at the end of the reporting period
- That classification is unaffected by the likelihood that an entity will exercise its deferral right
- That only if an embedded derivative in a convertible liability is itself an equity instrument would the terms of a liability not impact its classification

The amendments are effective for annual reporting periods beginning on or after January 1, 2023 and must be applied retrospectively. The Group is currently assessing the impact the amendments will have on current practice and whether existing loan agreements may require renegotiation.

Effective beginning on or after January 1, 2025

- PFRS 17, *Insurance Contracts*

PFRS 17 is a comprehensive new accounting standard for insurance contracts covering recognition and measurement, presentation and disclosure. Once effective, PFRS 17 will replace PFRS 4, *Insurance Contracts*. This new standard on insurance contracts applies to all types of insurance contracts (i.e., life, non-life, direct insurance and re-insurance), regardless of the type of entities that issue them, as well as to certain guarantees and financial instruments with discretionary participation features. A few scope exceptions will apply.

The overall objective of PFRS 17 is to provide an accounting model for insurance contracts that is more useful and consistent for insurers. In contrast to the requirements in PFRS 4, which are largely based on grandfathering previous local accounting policies, PFRS 17 provides a comprehensive model for insurance contracts, covering all relevant accounting aspects. The core of PFRS 17 is the general model, supplemented by:

- A specific adaptation for contracts with direct participation features (the variable fee approach)
- A simplified approach (the premium allocation approach) mainly for short-duration contracts

PFRS 17 is effective for reporting periods beginning on or after January 1, 2021, with comparative figures required. Early application is permitted. The amendments are not expected to have a material impact on the Group.

Deferred Effectivity

- Amendments to PFRS 10 and PAS 28, *Sale or Contribution of Assets between an Investor and its Associate or Joint Venture*

The amendments address the conflict between PFRS 10 and PAS 28 in dealing with the loss of control of a subsidiary that is sold or contributed to an associate or joint venture. The amendments clarify that a full gain or loss is recognized when a transfer to an associate or joint venture involves a business as defined in PFRS 3, *Business Combinations*. Any gain or loss resulting from the sale or contribution of assets that does not constitute a business, however, is recognized only to the extent of unrelated investors' interests in the associate or joint venture.

On January 13, 2016, the Financial Reporting Standards Council deferred the original effective date of January 1, 2016 of the said amendments until the International Accounting Standards Board (IASB) completes its broader review of the research project on equity accounting that may result in the simplification of accounting for such transactions and of other aspects of accounting for associates and joint ventures.

4. Summary of Significant Accounting Policies

Leases - Group as a lessee

The Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Group as a lessee

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

Right-of-use assets

The Group recognizes right-of-use assets at the commencement date of the lease. Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognized, initial direct costs incurred, and lease payments made at or before the commencement date less incentives received.

Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives (EUL) of the assets, as follows:

	Years
Land	5 to 66
Building	2 to 10

Right-of-use assets are subject to impairment. Refer to the accounting policies in section impairment of non-financial assets.

Lease liabilities

At the commencement date of the lease, the Group recognizes lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating a lease, if the lease term reflects the Group exercising the option to terminate. The variable lease payments that do not depend on an index or a rate are recognized as expense in the period on which the event or condition that triggers the payment occurs.

Lease liabilities that are expected to be settled for no more than 12 months after reporting period are classified as current liabilities presented as current portion of lease liabilities. Otherwise, these are classified as noncurrent liabilities.

In calculating the present value of lease payments, the Group uses the incremental borrowing rate at the lease commencement date if the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the in-substance fixed lease payments or a change in the assessment to purchase the underlying asset.

Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases of machinery and equipment (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the leases of low-value assets recognition exemption to leases of property and equipment that are considered of low value. Lease payments on short-term leases and leases of low-value assets are recognized as expense on a straight-line basis over the lease term.

Group as a lessor

Leases in which the Group does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms and is included in revenue in the statement of profit or loss due to its operating nature. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognized over the lease term on the same basis as rental income. Contingent rents are recognized as revenue in the period in which they are earned.

Revenue Recognition

Revenue from contracts with customers is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services. The Group has generally concluded that it is the principal in its revenue arrangements, because it typically controls the goods or services before transferring them to the customer.

Revenue from construction contracts

The Group assessed that there is only one performance obligation for each construction agreement that it has entered and that revenue arising from such agreements qualify for recognition over time because the Group's performance creates or enhances an asset that the customer controls as the asset is created or enhanced by applying par. 35(b) of PFRS 15. Control of an asset refers to the ability to direct the use of, and obtain substantially all of the remaining benefits from, the asset. The customer, having the ability to specify the design (or any changes thereof) of the asset, controls the asset as it is being constructed. Furthermore, the Group builds the asset on the customer's land (or property controlled by the customer), hence, the customer generally controls any work in progress arising from the Group's performance. The Group also recognized as part of its construction revenue, the effects of variable considerations arising from various change orders and claims, to the extent that they reflect the amounts the Group expects to be entitled to and to be received from the customers, provided that it is highly probable that a significant reversal of the revenue recognized in connection with these variable considerations will not occur in the future. For unpriced change orders and claims, the Group uses the "most likely amount" method to predict the amounts the Group expects to be entitled to and to be received from the customers. The Group updates its estimate of the transaction price at the end of each reporting period to reflect any changes in circumstances that would result to changes in amount of variable consideration.

The Group elected to use the input method to measure the progress of the fulfilment of its performance obligation, which is based on the actual costs incurred to date relative to the total estimated cost to complete the construction projects because there is a direct relationship between the Group's effort (i.e., costs incurred) and the transfer of service to the customer. The Group excludes the effect of any costs incurred that do not contribute to the Group's performance in transferring control of goods or services to the customer (such as unexpected amounts of wasted materials, labor or other resources) and adjusts the input method for any costs incurred that are not proportionate to the Group's progress in satisfying the performance obligation (such as uninstalled materials).

Revenue from sale of goods

Revenue from sale of goods is recognized at a point in time when control of the asset is transferred to the customer, generally on delivery and acceptance of the inventory item.

Revenue from tuition and other related fees

Revenue from tuition fees and other matriculation fees are recognized over time as revenue over the corresponding school term using the output method (i.e., time lapsed over the service period such as

semester or school year, depending on the curriculum registered). Upon enrollment, students have the option to pay the tuition and other matriculation fees in full or installment.

Admission, examination and other fees are recognized as income when examination has been granted by the school and related services have been provided to the students (at point in time).

Revenue from manpower services

Under the Group's service agreements with its customers, the Group is required to provide manpower services (including but not limited to janitorial, messengerial and other allied services). As provision of these services constitutes a series of distinct good or services that are substantially the same and have the same pattern of transfer to the customer (i.e., the good or service would be recognized over time using the same measure of progress), this was treated by the Group as a single performance obligation. Because the services are simultaneously provided and consumed by the customer, the Group's performance obligation to render such services qualifies for revenue recognition over time by applying par. 35(a) of PFRS 15. The Group recognizes revenue from manpower supply services by applying the "right to invoice" practical expedient since the Group's right to payment is for an amount that corresponds directly with the value to the customer of the Group's performance to date.

Revenue from power generation

The Group's power supply agreement with its customer requires the Group to deliver certain units of electricity (in kWh) to the customer per month. As delivery of electricity constitutes a series of distinct good or services that are substantially the same and have the same pattern of transfer to the customer (i.e., the good or service would be recognized over time using the same measure of progress), this was treated by the Group as a single performance obligation. Because electricity is simultaneously provided and consumed, the Group's performance obligation to deliver electricity qualifies for revenue recognition over time by applying par. 35(a) of PFRS 15. The Group recognizes revenue from power generation by applying the "right to invoice" practical expedient since the Group's right to payment is for an amount that corresponds directly with the value to the customer of the Group's performance to date.

Onerous contracts

If the Group has a contract that is onerous, the present obligation under the contract is recognized and measured as a provision. However, before a separate provision for an onerous contract is established, the Group recognizes any impairment loss that has occurred on assets dedicated to that contract. An onerous contract is a contract under which the unavoidable costs (i.e., the costs that the Group cannot avoid because it has the contract) of meeting the obligations under the contract exceed the economic benefits expected to be received under it. The unavoidable costs under a contract reflect the least net cost of exiting from the contract, which is the lower of the cost of fulfilling it and any compensation or penalties arising from failure to fulfil it. The cost of fulfilling a contract comprises the costs that relate directly to the contract (i.e., both incremental costs and an allocation of costs directly related to contract activities).

Contract balances arising from revenue with customer contracts

Receivables

A receivable represents the Group's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due).

Contract assets

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Group performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognized for the earned consideration that is conditional.

Contract liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Group has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Group transfers goods or services to the customer, a contract liability is recognized when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognized as revenue when the Group performs under the contract.

The Group presents each contract with customer in the consolidated statement of financial position either as a contract asset or a contract liability.

Expenses

Expenses are recognized in the consolidated statement of income when decrease in future economic benefits related to a decrease in an asset or an increase of a liability has arisen that can be measured reliably.

Cost of sales and services

Cost of sales is recognized as an expense when the related goods are sold. Cost of services include all direct materials and labor costs and those indirect costs related to contract performance which are recognized as incurred.

General and administrative expenses

Administrative expenses constitute costs of administering the business and are expensed as incurred.

Current versus Non-current Classification

The Group presents assets and liabilities in statement of financial position based on current/non-current classification. An asset as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realized within twelve months after the reporting period or
- Cash and cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period or
- There is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting period

The Group classifies all other liabilities as non-current. Deferred tax assets and deferred tax liabilities are classified as non-current assets and liabilities, respectively.

Cash and Cash Equivalents

Cash includes cash on hand and in banks. Cash equivalents are short-term, highly liquid investments that are readily convertible to known amounts of cash with original maturities of three (3) months or less from date of placement and that are subject to an insignificant risk of changes in value.

Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible to the Group. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - quoted (unadjusted) market prices in active markets for identical assets or liabilities;
- Level 2 - valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable; and
- Level 3 - valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the consolidated financial statements on a recurring basis, the Group determines whether transfers have occurred between Levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

'Day 1' difference

Where the transaction price in a non-active market is different to the fair value from other observable current market transactions in the same instrument or based on a valuation technique whose variables include only data from observable market, the Group recognizes the difference between the

transaction price and fair value (a 'Day 1' difference) in profit or loss, unless it qualifies for recognition as some other type of asset. In cases where use is made of data which is not observable, the difference between the transaction price and model value is only recognized in profit or loss when the inputs become observable or when the instrument is derecognized. For each transaction, the Group determines the appropriate method of recognizing the 'Day 1' difference amount.

Financial Instruments

The Group recognizes a financial asset or a financial liability in the consolidated statement of financial position when it becomes a party to the contractual provisions of the instrument. Purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace are recognized on the settlement date. The Group follows the settlement date accounting where an asset to be received and liability to be paid are recognized on the settlement date and derecognition of an asset that is sold and the recognition of a receivable from the buyer are recognized on the settlement date.

Financial Instruments - Initial Recognition and Subsequent Measurement

Initial recognition and measurement

Financial assets are classified, at initial recognition, as subsequently measured at amortized cost, fair value through other comprehensive income (OCI), and fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Group's business model for managing them. With the exception of trade receivables that do not contain a significant financing component, the Group initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs. Trade receivables that do not contain a significant financing component are measured at the transaction price determined under PFRS 15.

In order for a financial asset to be classified and measured at amortized cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest (SPPI)' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level.

The Group's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

Purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace are recognized on the settlement date.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Financial assets at amortized cost (debt instruments)
- Financial assets at fair value through OCI with recycling of cumulative gains and losses (debt instruments)
- Financial assets designated at fair value through OCI with no recycling of cumulative gains and losses upon derecognition (equity instruments)
- Financial assets at fair value through profit or loss

Financial assets at amortized cost (debt instruments)

The Group measures financial assets at amortized cost if both of the following conditions are met:

- The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding

Financial assets at amortized cost are subsequently measured using the effective interest (EIR) method and are subject to impairment. Gains and losses are recognized in profit or loss when the asset is derecognized, modified or impaired.

The Group's financial assets at amortized cost includes Cash and cash equivalents, Receivables and Receivables from related parties.

Financial assets at fair value through profit or loss

A financial asset shall be measured at fair value through profit or loss unless it is measured at amortized cost or at fair value through other comprehensive income (OCI). However, an entity may make an irrevocable election at initial recognition for particular investments in equity instruments that would otherwise be measured at fair value through profit or loss to present subsequent changes in fair value in OCI.

The Group may, at initial recognition, irrevocably designate a financial asset as measured at fair value through profit or loss if doing so eliminates or significantly reduces a measurement or recognition inconsistency (sometimes referred to as an 'accounting mismatch') that would otherwise arise from measuring assets or liabilities or recognizing the gains and losses on them on different bases.

Included in this classification is the peso-denominated investment in UITF in Rizal Commercial Banking Corporation (RCBC) under Prepaid expenses and other current assets account.

Financial assets designated at fair value through OCI (equity instruments)

Upon initial recognition, the Group can elect to classify irrevocably its equity investments as equity instruments designated at fair value through OCI when they meet the definition of equity under PAS 32, *Financial Instruments: Presentation*, and are not held for trading. The classification is determined on an instrument-by-instrument basis.

Gains and losses on these financial assets are never recycled to profit or loss. Dividends are recognized as other income in the consolidated statement of income when the right of payment has been established, except when the Group benefits from such proceeds as a recovery of part of the cost of the financial asset, in which case, such gains are recorded in OCI. Equity instruments designated at fair value through OCI are not subject to impairment assessment.

The Group elected to classify irrevocably all equity investments other than those classified to fair value through profit or loss under this category.

The Group does not have any debt financial assets at fair value through OCI as of December 31, 2021 and 2020.

Impairment of financial assets

The Group recognizes an allowance for expected credit losses (ECLs) for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate. The expected cash

flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognized in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

For trade receivables and contract assets, the Group applies a simplified approach in calculating ECLs. Therefore, the Group does not track changes in credit risk, but instead recognizes a loss allowance based on lifetime ECLs at each reporting date. The loss allowance was adjusted for forward-looking factors specific to the debtors and the economic environment.

For other debt financial assets, the ECL is based on the 12-month ECL. The 12-month ECL is the portion of lifetime ECLs that results from default events on a financial instrument that are possible within 12 months after the reporting date. However, when there has been a significant increase in credit risk since origination, the allowance will be based on the lifetime ECL.

The Group generally considers a financial asset in default when contractual payments are 90 days past due. For a financial asset that arises from long-term construction contracts, the Group considers the asset to be in default if contractual payments are not settled within 30 days from the completion of the construction project. However, in certain cases, the Group may also consider a financial asset to be in default when internal or external information indicates that the Group is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Group. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

Financial Liabilities

The accounting for the Group's financial liabilities remains the same as it was under PAS 39. The Group initially measures a financial liability at its fair value plus, in the case of a financial liability not at fair value through profit or loss, transaction costs. The Group has no financial liabilities at FVPL.

Subsequent to initial recognition, the Group's financial liabilities are carried at amortized cost. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the consolidated statement of income. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the EIR amortization process.

This category generally applies to the Group's accounts payable and other current liabilities, loans payable, long-term debt, due to related parties and lease liabilities.

Derecognition of Financial Instruments

Financial assets

A financial asset (or, where applicable a part of a financial asset or part of a group of similar financial assets) is derecognized when: (a) the rights to receive cash flows from the asset have expired; or (b) the Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay them in full without material delay to a third party under a "pass-through" arrangement; and either (i) has transferred substantially all the risks and rewards of the asset, or

(ii) has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Where the Group has transferred its rights to receive cash flows from an asset and has neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the asset, the asset is recognized to the extent of the Group's continuing involvement in the asset. Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

Financial liabilities

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or has expired. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognized in the consolidated statement of income.

Offsetting of Financial Instruments

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated statements of financial position if there is a currently enforceable legal right to set off the recognized amounts and there is intention to settle on a net basis, or to realize the asset and settle the liability simultaneously. The Group assesses that it has a currently enforceable right of offset if the right is not contingent on a future event, and is legally enforceable in the normal course of business, event of default, and event of insolvency or bankruptcy of the Group and all of the counterparties.

Inventories

Inventories are valued at the lower of cost and net realizable value (NRV). NRV is the selling price in the ordinary course of business, less the estimated costs of completion of inventories and the estimated costs necessary to sell.

Cost includes purchase price and other costs directly attributable to its acquisition such as non-refundable taxes, handling and transportation cost.

The cost of real estate inventories includes (a) land cost; (b) freehold and leasehold rights for land; (c) amounts paid to contractors for construction; (d) planning and design cost, cost of site preparation, professional fees, property taxes, construction overheads and other related costs that are directly attributable in bringing the real estate inventories to its intended condition.

Cost of inventories is generally determined primarily using the moving-average method, except for automotive units of the car dealerships and real estate inventories of EEI Realty, which are accounted for using the specific identification method.

Materials issued but still uninstalled to construction projects are not considered as part of computation for percentage of completion of projects.

Prepaid Expenses

These are recorded as asset before they are utilized and apportioned over the period covered by the payment and charged to the appropriate account in the consolidated statement of income when incurred.

Advances to Suppliers and Subcontractors

Advances to suppliers and subcontractors represent advance payment for the purchase of various construction materials and down payment to subcontractors for the contract work to be performed.

Value-Added Tax (VAT)

Revenues, expenses, and assets are recognized net of the amount of VAT, if applicable.

When VAT from sales of goods and/or services (output VAT) exceeds VAT passed on from purchases of goods or services (input VAT), the excess is recognized as payable in the consolidated statement of financial position. When VAT passed on from purchases of goods or services (input VAT) exceeds VAT from sales of goods and/or services (output VAT), the excess is recognized as an asset in the consolidated statement of financial position up to the extent of the recoverable amount.

Other Current Assets

Other current assets pertain to other resources controlled by the Group as a result of past events and from which future economic benefits are expected to flow to the Group within the reporting period.

Investments in Associates and Joint Ventures

An associate is an entity in which the Group has significant influence. A joint venture is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the arrangement.

Investments in associates and joint venture are accounted for using the equity method of accounting. Under this method, the investment amount is increased or decreased to recognize the Group's share in the profit or loss of the investee after the date of acquisition. Dividends received from the investee reduces the carrying amount of the investment. Adjustments to the carrying amount may also be necessary for changes in the Group's proportionate interest in the investee arising from changes in the investee's other comprehensive income.

Gains and losses resulting from 'upstream' and 'downstream' transactions between the Group and its associate or joint venture are recognized in the consolidated financial statements only to the extent of unrelated investors' interests in the associate or joint venture.

The reporting dates and the accounting policies of the associates and joint venture conform to those used by the Group for like transactions and events in similar circumstances.

The Group discontinues applying the equity method when their investment in investee company is reduced to zero. Accordingly, additional losses are not recognized unless the Group has guaranteed certain obligations of the investee company. When the investee company subsequently reports net income, the Group will resume applying the equity method but only after its share of that net income equals the share of net losses not recognized during the period the equity method was suspended.

The reporting dates of the investee company and the Group are identical and the investee companies' accounting policies conform to those used by the Group for like transactions and events in similar circumstances.

After application of the equity method, the Group determines whether it is necessary to recognize an additional impairment loss on the Group's investment in its associates and joint venture. The Group determines at each reporting date whether there is any objective evidence that the investment in the associates and joint venture is impaired. If this is the case the Group calculates the amount of impairment as the difference between the recoverable amount of the associate and its carrying value and recognizes the impairment loss in the consolidated statement of income.

Upon loss of significant influence over the associate, the Group measures and recognizes any retaining investment at its fair value. Any difference between the carrying amount of the associates or joint venture upon loss of significant influence and the fair value of the retaining investment and proceeds from disposal is recognized in the consolidated statement of income.

The Group's associates and joint venture accounted for using the equity method as of December 31 follows:

	Place of Incorporation	Nature of Business	Functional Currency	Percentage of Ownership	
				2021	2020
Associates:					
Hi-Eisai Pharmaceutical, Inc. (HEPI)	Philippines	Pharmaceutical	Philippine peso	50.00	50.00
Petroenergy Resources Corporation (PERC)	Philippines	Renewable energy	Philippine peso	29.10	29.10
PetroGreen Energy Corporation (PGEC) ^(a)	Philippines	Renewable energy	Philippine peso	10.00	10.00
T'boli Agro-Industrial Development, Inc.	Philippines	Agriculture	Philippine peso	28.47	28.47
Manila Memorial Park Cemetery, Inc. (MMPC)	Philippines	Funeral service	Philippine peso	25.98	25.98
Sojitz G Auto Philippines Corporation (SGAPC)	Philippines	Automotive distributor	Philippine peso	20.00	20.00
RCBC Realty Corporation (RRC)	Philippines	Realty	Philippine peso	10.00	10.00
Al-Rushaid Construction Company Limited (ARCC)	Saudi Arabia	Construction	Saudi riyal	49.00	49.00
PetroSolar Corporation (PSOC)	Philippines	Renewable energy	Philippine peso	44.00	44.00
Joint ventures:					
PetroWind Energy, Inc. (PWEI)	Philippines	Renewable energy	Philippine peso	20.00	20.00
Shinbayanhan Heavy Equipment Corporation (SHEC)	Philippines	Equipment rental	Philippine peso	40.00	40.00
BEO Distribution and Marketing Corporation (BEO DMC)	Philippines	Distribution and marketing	Philippine peso	30.00	30.00
Shimizu-Fujita-Takenaka-EEI Joint Venture (SFTE)	Philippines	Construction	Philippine peso	5.00	5.00
Acciona-EEI Joint Venture (AE)	Philippines	Construction	Philippine peso	30.00	30.00
DL E&C-EEI-HEC Joint Venture (DEH) ^(b)	Philippines	Construction	Philippine peso	20.00	—
LOTTE-GULERMAK-EEI Joint Venture (LGE) ^(b)	Philippines	Construction	Philippine peso	25.00	—

(a) Effective ownership in PERC is 32.24% after considering the Group's 10% indirect investment in PetroGreen Energy Corporation (PGEC), a 90%-owned subsidiary of PERC (Note 12)

(b) Entered into in 2021

Property and Equipment

Property and equipment, except for land, are stated at cost, less accumulated depreciation, amortization and impairment loss, if any. The initial cost of property and equipment consists of its purchase price, including import duties, taxes and any directly attributable costs of bringing the asset to its working condition and location for its intended use. Expenditures incurred after the assets have been put into operation, such as repairs and maintenance, are normally charged to operations in the period in which the costs are incurred. In situations where it can be clearly demonstrated that the expenditures have resulted in an increase in the future economic benefits expected to be obtained from the use of an item of property and equipment beyond its originally assessed standard of performance, the expenditures are capitalized as an additional cost of property and equipment. When assets are retired or otherwise disposed of, the cost and the related accumulated depreciation are removed from the accounts and any resulting gain or loss is reflected as part of current operations.

Depreciation is computed using the straight-line method over the following average EUL:

	Years
Buildings and improvements	5 to 40
Machinery, tools and construction equipment	2 to 20
Transportation and service equipment	5
Furniture, fixtures and office equipment	3 to 10

Amortization of improvements is computed over the EUL of the improvement or term of the lease, whichever is shorter.

The useful lives and depreciation method are reviewed periodically to ensure that the period and method of depreciation are consistent with the expected pattern of economic benefits from items of property and equipment.

Minor repairs and maintenance costs are charged to consolidated statement of income as incurred; significant renewals and betterments are capitalized. When assets are retired or otherwise disposed of, the cost or revalued amount, appraisal increase and related accumulated depreciation and amortization are removed from the accounts and any resulting gains or losses are reflected in the consolidated statement of income.

Construction in progress represents property and equipment under construction and is stated at cost. This includes cost of construction, plant and equipment and other direct costs. Construction in progress is not depreciated until such time that the relevant assets are completed and put into operational use.

An item of property and equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the consolidated statement of income in the year the asset is derecognized.

Land is carried at its revalued amount. The appraised values used for revaluation were determined by an independent firm of appraisers.

The initial cost of land consists of its purchase price and directly attributable costs of bringing the asset to its working condition and location for its intended use.

The appraisal increment (net of deferred tax) resulting from the revaluation is credited to OCI and accumulated in equity under "revaluation increment on land - net" account. Decreases in valuation is charged to profit or loss, except to the extent that it reverses the existing accumulated revaluation increment on the same asset and therefore such decrease is recognized in OCI. The decrease recognized in OCI reduces the revaluation increment on land - net account in equity. In case a subsequent revaluation increase of an asset reverses a revaluation decrease previously recognized in profit or loss, such increase is credited to income in profit or loss.

The same rules apply to impairment losses. An impairment loss on a revalued asset is first used to reduce the revaluation increment for that asset. Only when the impairment loss exceeds the amount in the revaluation increment for that same asset is any further impairment loss recognized in profit or loss.

Upon disposal of land, any revaluation reserve relating to the particular asset being sold is transferred to retained earnings.

The asset's residual values, useful lives and methods of depreciation and amortization are reviewed, and adjusted if appropriate, at each financial year-end.

Investment Properties

Investment properties are measured at cost less impairment loss, if any, including transaction costs. The carrying amount includes the cost of replacing part of an existing investment property at the time that cost is incurred if the recognition criteria are met.

Investment properties are derecognized when they either have been disposed of or when the investment property is permanently withdrawn from use and no future economic benefit is expected from its disposal. Any gains or losses on the retirement or disposal of an investment property are recognized in the consolidated statement of income in the year of retirement or disposal.

Transfers are made to investment property when there is a change in use, evidenced by ending of owner-occupation and commencement of an operating lease to another party. Transfers are made from investment property when there is a change in use, evidenced by commencement of owner-occupation or commencement of development with a view to sale.

For a transfer from owner-occupied property to investment property, the deemed cost for subsequent accounting is the fair value at the date of change in use. Upon transfer of an asset accounted for under revaluation model to asset accounted for under cost model, any revaluation reserve relating to such particular asset is transferred to retained earnings.

Software Costs

Software costs are stated at cost less accumulated amortization and any impairment in value. Costs related to software purchased by the Group for use in the operations are amortized on a straight-line basis over a period of three (3) years.

Costs associated with developing and maintaining computer software programs are recognized as an expense when incurred. Costs that are directly associated with identifiable and unique software controlled by the Group and will generate economic benefits exceeding costs beyond one year, are recognized as intangible assets to be measured at cost less accumulated amortization and provision for impairment losses, if any.

Impairment of Nonfinancial Assets

For Investments in associate and joint venture, Property and equipment, Right-of-use asset, Investment properties and Computer software costs, the Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any such indication exists, or when annual impairment testing for an asset is required, the Group makes an estimate of the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's fair value less costs to sell and its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using pre-tax discount rate that reflects current market assessment of the time value of money and the risks specific to the asset.

An assessment is made at each reporting date as to whether there is any indication that previously recognized impairment losses may no longer exist or may have decreased. If such indication exists,

the recoverable amount is estimated. A previously recognized impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognized. If that is the case, the carrying amount of the asset is increased to its recoverable amount. That increased amount cannot exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in the consolidated statement of income.

Impairment losses are recognized in the consolidated statement of income in those expense categories consistent with the function of the impaired asset, except for property previously revalued where the revaluation was taken to equity. In this case, the impairment is also recognized in equity up to the amount of any previous revaluation.

Business Combination and Goodwill

Business combinations are accounted for using the acquisition method. The cost of an acquisition is measured as the aggregate of the consideration transferred, measured at acquisition date fair value and the amount of any non-controlling interest in the acquiree. For each business combination, the acquirer measures the non-controlling interest in the acquiree either at fair value or at the proportionate share of the acquiree's identifiable net assets.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date. This includes the separation of embedded derivatives in host contracts by the acquiree.

Any contingent consideration to be transferred by the acquirer will be recognized at fair value at the acquisition date. Subsequent changes to the fair value of the contingent consideration which is deemed to be an asset or liability will be recognized in accordance with PAS 39 either in profit or loss or as a change to OCI. If the contingent consideration is classified as equity, it should not be remeasured until it is finally settled within equity.

PFRS 3 provides that if the initial accounting for a business combination can be determined only provisionally by the end of the period in which the combination is effected because either the fair values to be assigned to the acquiree's identifiable assets, liabilities or contingent liabilities or the cost of the combination can be determined only provisionally, the acquirer shall account for the combination using those provisional values. The acquirer shall recognize any adjustments to those provisional values as a result of completing the initial accounting within twelve months of the acquisition date as follows: (i) the carrying amount of the identifiable asset, liability or contingent liability that is recognized or adjusted as a result of completing the initial accounting shall be calculated as if its fair value at the acquisition date had been recognized from that date; (ii) goodwill or any gain recognized shall be adjusted by an amount equal to the adjustment to the fair value at the acquisition date of the identifiable asset, liability or contingent liability being recognized or adjusted; and (iii) comparative information presented for the periods before the initial accounting for the combination is complete shall be presented as if the initial accounting has been completed from the acquisition date.

Goodwill is initially measured at cost being the excess of the aggregate of the consideration transferred and the amount recognized for non-controlling interest over the net identifiable assets acquired and liabilities assumed. If this consideration is lower than the fair value of the net assets of the subsidiary acquired, the difference is recognized in profit or loss. Before recognizing a gain on a bargain purchase, the Group assesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed, and recognize any additional assets or liabilities that are identified in that review.

Following initial recognition, goodwill is measured at cost less any accumulated impairment loss. Goodwill is reviewed for impairment, annually or more frequently if events or changes in circumstances indicate that the carrying value may be impaired. For purposes of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's CGUs, or groups of CGUs, that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the Group are assigned to those units or groups of units.

Each unit or group of units to which the goodwill is allocated should:

- represent the lowest level within the Group at which the goodwill is monitored for internal management purposes; and
- not be larger than an operating segment determined in accordance with PFRS 8, *Operating Segments*

Impairment is determined by assessing the recoverable amount of the CGU (or group of CGUs), to which the goodwill relates. Where the recoverable amount of the CGU (or group of CGUs) is less than the carrying amount, an impairment loss is recognized. Where goodwill forms part of a CGU (or group of CGUs) and part of the operation within that unit is disposed of, the goodwill associated with the operation disposed of is included in the carrying amount of the operation when determining the gain or loss on disposal of the operation. Goodwill disposed of in these circumstances is measured based on the relative values of the operation disposed of and the portion of the CGU retained. If the acquirer's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities exceeds the cost of the business combination, the acquirer shall recognize immediately in the consolidated statement of income any excess remaining after reassessment.

Foreign Currency-denominated Transaction and Translation

The consolidated financial statements are presented in Philippine Peso. Each entity in the Group determines its own functional currency and items included in the consolidated financial statements of each entity are measured using that functional currency.

Transactions in foreign currencies are initially recorded in the functional currency rate at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are retranslated at the functional currency closing rate at the reporting date. All differences are taken to consolidated statement of income. Non-monetary items that are measured in terms of historical cost in foreign currency are translated using the exchange rates as at the dates of initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined.

As at reporting date, the assets and liabilities of subsidiaries whose functional currency is not the Philippines Peso are translated into the presentation currency of the Parent Company (the Philippine Peso) at the closing rate as at the reporting date, and the consolidated statement of income accounts are translated at monthly weighted average exchange rate. Likewise, the financials of the Group's associate whose functional currency is not the Philippine Peso that is accounted for under equity method are translated to the presentation currency of the Parent Company in a similar manner. The exchange differences arising on the translation are taken directly to a separate component of equity under "Cumulative translation adjustments" account.

Upon disposal of a foreign subsidiary, the deferred cumulative amount recognized in other comprehensive income relating to that particular foreign operation is recognized in the consolidated statement of income.

Retirement Cost

Defined benefit plan

The defined benefit liability or asset is the aggregate of the present value of the defined benefit obligation at the end of the reporting period reduced by the fair value of plan assets, if any, adjusted for any effect of limiting a net defined benefit asset to the asset ceiling. The asset ceiling is the present value of any economic benefits available in the form of refunds from the plan or reduction in the future contributions to the plan.

Defined benefit costs on the Group's defined benefit retirement plan are actuarially computed using the projected unit credit (PUC) valuation method. Under this method, the current service cost is the present value of retirement benefits payable in the future with respect to the services rendered in the current period.

Defined benefit costs comprise the following:

- (a) service cost;
- (b) net interest on the net defined benefit liability or asset; and
- (c) remeasurements of net defined benefit liability or asset.

Service costs which include current service costs, past service costs and gains or losses on non-routine settlements are recognized as expense in profit or loss. Past service costs are recognized when plan amendment or curtailment occurs.

Net interest on the net defined benefit liability or asset is the change during the period in the net defined benefit liability or asset that arises from the passage of time which is determined by applying the discount rate based on government bonds to the net defined benefit liability or asset. Net interest on the net defined benefit liability or asset is recognized as expense or income in profit or loss.

Remeasurements comprising actuarial gains and losses, return on plan assets and any change in the effect of the asset ceiling (excluding net interest on defined benefit liability) are recognized immediately in OCI in the period in which they arise. Remeasurements are not reclassified to profit or loss in subsequent periods.

Plan assets are assets that are held by a long-term employee benefit fund or qualifying insurance policies. Plan assets are not available to the creditors of the Group, nor can they be paid directly to the Group. Fair value of plan assets is based on market price information. When no market price is available, the fair value of plan assets is estimated by discounting expected future cash flows using a discount rate that reflects both the risk associated with the plan assets and the maturity or expected disposal date of those assets (or, if they have no maturity, the expected period until the settlement of the related obligations).

The Group's right to be reimbursed of some or all of the expenditure required to settle a defined benefit obligation is recognized as a separate asset at fair value when and only when reimbursement is virtually certain.

Income Tax

Current tax

Current tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and the tax laws used to compute the amount are those that are enacted or substantially enacted by the end of the financial reporting date.

Deferred tax

Deferred tax is provided using the liability method on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognized for all taxable temporary differences, including asset revaluations. Deferred income tax assets are recognized for all deductible temporary differences, carryforward of unused tax credits from excess minimum corporate income tax (MCIT) over regular corporate income tax (RCIT), net operating loss carryover (NOLCO), to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and carryforward of unused MCIT and NOLCO can be utilized.

Deferred tax liabilities are not provided on non-taxable temporary differences associated with investments in domestic subsidiaries, associate and interest in joint venture. With respect to investments in foreign subsidiaries, associate and interest in joint venture, deferred tax liabilities are recognized except where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed by the end of each financial reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be used. Unrecognized deferred tax assets are reassessed at the end of each financial reporting date and are recognized to the extent that it has become probable that future taxable profit will be available to allow the deferred tax assets to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantially enacted by the end of the financial reporting date.

Deferred tax relating to items recognized outside profit or loss are recognized in correlation to the underlying transactions either in other comprehensive income or directly in equity.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current income tax assets against current income tax liabilities and deferred income taxes relate to the same entity and the same taxation authority.

Basic and Diluted Earnings Per Share (EPS)

Basic EPS is computed by dividing net income for the year attributable to equity holders of the Parent Company adjusted for the after-tax amounts of dividends on preferred stock by the weighted average number of common stock outstanding during the year, after giving retroactive effect for any stock dividends, stock splits or reverse stock splits.

Diluted EPS is computed by adjusting the net income attributable to ordinary equity holders of the Parent Company to reflect any changes from dilutive potential shares divided by the weighted average number of common stock outstanding during the year after giving retroactive effect for any stock dividends, stock splits or reverse stock splits and adjusted for the effects of all dilutive potential common stock.

The calculation of diluted EPS does not assume conversion, redemption, exercise, or other issue of potential ordinary shares that would have an antidilutive effect on earnings per share. Potential ordinary shares are antidilutive when their conversion to ordinary shares would increase earnings per share or decrease loss per share. As there are no potential dilutive ordinary shares, basic and diluted EPS are stated at the same amount.

Provisions

Provisions are recognized when: (a) the Group has a present obligation (legal or constructive) as a result of a past event; (b) it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and (c) a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingencies

Contingent liabilities are not recognized in the consolidated financial statements. They are disclosed unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent assets are not recognized in the consolidated financial statements but disclosed when an inflow of economic benefits is probable.

Stock Option Plan

No benefit expense is recognized relative to the shares issued under the stock options plan. When the shares related to the stock option plans are subscribed, these are treated as capital stock issuances. The stock option plan is exempt from PFRS 2, *Share-based Payment*.

Segment Reporting

The Group's operating business are organized and managed separately according to the nature of services provided, with each segment representing a strategic business unit that offers different products and serves different markets. Financial information on business segments is presented in Note 37.

Capital Stock

The Group records common stocks at par value and additional paid-in capital in excess of the total contributions received over the aggregate par values of the equity shares. Incremental costs incurred directly attributable to the issuance of new shares are shown in equity as a deduction from proceeds, net of tax.

Treasury Shares

When the Group purchases the Group's capital stock (treasury shares), the consideration paid, including any attributable incremental costs, is deducted from equity attributable to the Group's equity holders until the shares are cancelled, reissued or disposed of. Where such shares are subsequently sold or reissued, any consideration received, net of any directly attributable incremental transaction costs and the related tax effects is included in equity (Note 39).

Equity Reserve

Equity reserve consist of equity transactions other than capital contributions, such as equity transactions arising from transactions with NCI.

Retained Earnings

Retained earnings represent accumulated earnings of the Group and any adjustment arising from application of new accounting standards, policies or corrections of errors applied retroactively less dividends declared. It includes the accumulated equity in undistributed earnings of consolidated subsidiaries which are not available for dividends until declared by subsidiaries. Appropriated retained earnings are those that are restricted for planned investments and business expansion. Unappropriated retained earnings are those that can be allocated for specific purposes and can be distributed as dividend. Retained earnings are further restricted for the payment of dividends to the extent of the cost of treasury shares (Note 40).

Events After the Financial Reporting Date

Post year-end events that provide additional information about the Group's position at the end of the financial reporting date (adjusting events) are reflected in the consolidated financial statements. Post year-end events that are not adjusting events are disclosed in the notes to consolidated financial statements when material.

5. Significant Accounting Judgments and Estimates

The preparation of the consolidated financial statements in compliance with PFRSs requires the Group to make judgments, estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses and disclosure of contingent assets and contingent liabilities. Future events may occur which can cause the assumptions used in arriving at those estimates to change. The effects of any changes in estimates will be reflected in the consolidated financial statements as they become reasonably determinable.

Judgments and estimates are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Actual results could differ for such estimates.

Judgment

Determining control over an entity in which Parent Company holds less than majority of voting rights

The Parent Company has determined that it is still the largest stockholder of IPO with 48.18% equity interest and continues to have control over IPO by virtue of its power to nominate majority of the members of the BOD of IPO thereby exercising control and supervision on IPO's operations as well as financing activities. Accordingly, the Parent Company assessed that IPO continues to be a subsidiary even though it owns less than 50% equity interest over IPO after the merger.

Determination of functional currency

PAS 21, *The Effects of Changes in Foreign Exchange Rates*, requires management to use its judgment to determine the entity's functional currency such that it most faithfully represents the economic effects of the underlying transactions, events and conditions that are relevant to the entity. In making this judgment, the following were considered:

- The currency that mainly influences sales prices for financial instruments and services (this will often be the currency in which sales prices for its financial instruments and services are denominated and settled);
- The currency in which funds from financing activities are generated; and
- The currency in which receipts from operating activities are usually retained.

The functional currency is Philippine peso as disclosed in Note 2.

Determination of lease term of contracts with renewal and termination options - Group as a lessee

The Group has several lease contracts that include extension and termination options. The Group applies judgement in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination. After the commencement date, the Group reassesses the lease term if there is a significant event or change in circumstances that is within its control and affects its ability to exercise or not to exercise the option to renew or to terminate (e.g., construction of significant leasehold improvements or significant customization to the leased asset).

The Group included the renewal period as part of the lease term for leases with shorter non-cancellable period (i.e., three to ten years). The Group typically exercises its option to renew for these leases because there will be a significant negative effect on production if a replacement asset is not readily available. The renewal periods for leases of land and office spaces with longer non-cancellable periods are not included as part of the lease term as these are not reasonably certain to be exercised (Note 14).

Recognition of revenue from construction contracts

Under PFRS 15, the Group assessed that there is only one performance obligation for each construction agreement that it has entered and that revenue arising from such agreements qualify for recognition over time. The Group elected to use the input method to measure the progress of the fulfilment of its performance obligation, which is based on the actual costs incurred to date relative to the total estimated cost to complete the construction projects. The Group believes that this method faithfully depicts the Group's performance towards satisfaction of its performance obligation because there is a direct relationship between the Group's effort (i.e., costs incurred) and the transfer of service to the customer (Note 23).

Recognition of tuition and other matriculation fees over time

The Group determined that tuition and other matriculation fees are to be recognized over time using the output method on the basis of time lapsed over the service period since it provides a faithful depiction of the Group's performance in transferring control of the services to the students. The fact that another entity would not need to re-perform the service that the Group has provided to date demonstrates that the customer or the student simultaneously receives and consumes the benefits of the Group's performance as it performs (Note 23).

Determination of significant influence on investment in an associate if ownership is less than 20%

Holding of less than 20% of voting rights is presumed not to give rise to significant influence unless it can be clearly demonstrated that there is in fact significant influence. The Parent Company is able to exercise significant influence for ownership less than 20% because it has an active participation in the policy-making process including operating decisions of the investee.

As of December 31, 2021 and 2020, the Parent Company holds 10% of interest in RRC. The Parent Company exercises significant influence in RRC since the Parent Company's President is the concurrent president of RRC. The president is also a member of the BOD. As such, the president of the Parent Company effectively has a participation in the policy-making process of RRC. Hence, the Parent Company is able to exercise significant influence even if ownership is less than 20%.

Assessment of joint control

Judgment is required to determine when the Group has joint control over an arrangement, which requires an assessment of the relevant activities and when the decisions in relation to those activities require unanimous consent. The Group assesses their rights and obligations arising from the arrangement and specifically considers:

- the structure of the joint arrangement - whether it is structured through a separate vehicle
- when the arrangement is structured through a separate vehicle, the Group also considers the rights and obligations arising from:
- the legal form of the separate vehicle
- the terms of the contractual arrangement other facts and circumstances, considered on a case by case basis

Refer to Note 12 for details of the Group's investment in joint venture.

Estimates

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Group based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

Leases - Estimating the incremental borrowing rate

The Group cannot readily determine the interest rate implicit in the lease, therefore, it uses its incremental borrowing rate (IBR) to measure lease liabilities. The IBR is the rate of interest that the Group would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment. The IBR therefore reflects what the Group 'would have to pay', which requires estimation when no observable rates are available or when they need to be adjusted to reflect the terms and conditions of the lease. The Group estimates the IBR using observable inputs (such as market interest rates) when available and is required to make certain entity-specific estimates (such as the subsidiary's stand-alone credit rating).

The Group's lease liabilities amounted to ₱1.12 billion and ₱1.25 billion as of December 31, 2021 and 2020, respectively (Note 14).

Estimating variable considerations arising from change orders and claims

The Group frequently agrees to change orders that modify the scope of its work previously agreed with customers and regularly submits claims to customers when unanticipated additional costs are incurred because of delays or changes in scope caused by the customers. PFRS 15 requires the Group to recognize, as part of its revenue from construction contracts, the estimated amounts the Group expects to be entitled to and to be received from customers due to these change orders and claims (otherwise known as variable considerations), provided that it is highly probable that a significant reversal of the revenue recognized in connection with these variable considerations will not occur in the future. For these unpriced change orders and claims, the Group uses the "most likely amount" method to predict the amount to which it will be entitled and expected to be received from the customers. The Group also updates its estimate of the transaction price to reflect any changes in circumstances that would result to changes in amount of variable considerations and corresponding increase or decrease in the contract assets.

The aggregate carrying values of receivables and contract assets amounted to ₱13.55 billion and ₱13.93 billion as of December 31, 2021 and 2020, respectively (Notes 7 and 8).

Fair value measurement of unquoted equity investments at FVOCI

The Group uses valuation techniques such as adjusted net asset method to estimate the fair value of investment in Hermosa Ecozone Development Corporation (HEDC). These valuation techniques require significant unobservable inputs to calculate the fair value of the Group's unquoted equity investments at FVOCI. These inputs include appraised value of real properties, among others. Changes in assumptions relating to these factors could affect the reported fair value of these unquoted equity financial instruments. For the investment in HEDC, the valuation made by the appraisers was based on sales comparison approach. The effects of COVID-19 were reflected in the selling price of comparable listings of real estate properties and were not accounted for separately.

The fair value of unquoted equity investments amounted to ₱0.42 billion and ₱0.46 billion as of December 31, 2021 and 2020, respectively (Note 11).

Provision for expected credit losses of trade receivables and contract assets

The Group uses the simplified approach in calculating the ECL of its trade receivables and contract assets wherein the Group does not track changes in credit risk, but instead recognizes a loss allowance based on lifetime ECLs at each reporting date. The model is based on the Group's historical observed default rates and adjusted to include forward looking information. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analyzed.

The assessment of the correlation between historical observed default rates, forecast economic conditions and ECLs is a significant estimate. The amount of ECLs is sensitive to changes in circumstances and of forecast economic conditions. The Group's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future.

As of December 31, 2021 and 2020, the aggregate carrying values of Receivables and Contract assets are disclosed in Notes 7, 8, 17 and 22 to the consolidated financial statements.

Purchase price allocation in business combinations and goodwill

The Group's consolidated financial statements reflect the acquired entities (AEI and its subsidiaries prior to the merger) after the completion of the merger between IPO and AEI which is effective May 2, 2019. The Group accounts for the acquired business using the acquisition method, which requires extensive use of accounting judgments and estimates to allocate the purchase price to the fair market values of the acquiree's identifiable assets and liabilities and contingent liabilities, if any, at the acquisition date. Any excess in the purchase price over the fair market values of the net assets acquired is recorded as goodwill in the consolidated statement of financial position. Thus, the numerous judgments made in estimating the fair value to be assigned to the acquiree's assets and liabilities can materially affect the Group's financial position and performance.

The merger resulted in the recognition of student relationship, intellectual property rights and goodwill from the excess of the acquisition cost over the fair value of net assets acquired (Notes 15 and 17).

Valuation of land under revaluation basis

The Group's parcel of land are carried at revalued amounts. The valuations of these parcels of land were performed by SEC accredited independent appraisers and were determined using the market approach. Significant adjustments to inputs used in determining the fair value of land such as location and utility could affect the appraised value of the assets. The estimate of fair value of land carried at revalued amounts considered the effects of COVID-19 in its net selling price by adjustments made to external factors, and these were not accounted for separately.

Land carried under revaluation basis amounted to ₱8.29 billion and ₱7.96 billion as of December 31, 2021 and 2020, respectively. The key assumptions used to determine the fair value of the parcels of land are disclosed in Note 13.

Impairment of nonfinancial assets

The Group assesses impairment on its property and equipment, right-of-use assets, intangible assets (other than goodwill and intellectual property rights) and noncurrent assets whenever events or changes in circumstances indicate that the carrying amount of these assets may not be recoverable. The factors that the Group considers important which could trigger an impairment review include significant underperformance relative to expected historical or projected future operating results,

significant changes in the manner of use of the acquired assets or the strategy for overall business, and significant negative industry or economic trends.

An impairment loss is recognized whenever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less cost to sell and value in use. The fair value is the amount obtainable from the sale of an asset in an arm's length transaction while value in use is the present value of estimated future cash flows expected to arise from continuing use of an asset and from its disposal at the end of its useful life. Recoverable amounts are estimated for individual assets or, if it is not possible, for the cash-generating unit to which the asset belongs.

Impairment of Goodwill, Student relationship and Intellectual property rights are assessed at least on an annual basis. In assessing the impairment, the Group determines the recoverable amount using value in use with detailed disclosures made in Note 15. There is no impairment loss recognized on these assets in 2021, 2020 and 2019. As at December 31, 2021 and 2020, the carrying value of goodwill amounted to ₱484.83 million (Note 15).

As to the Group's Property and equipment, Student relationship and Noncurrent assets, no impairment loss was recognized for the years ended December 31, 2021, 2020 and 2019 except for the provision for impairment in value of land recognized in 2019 amounting to ₱21.00 million (Notes 13 and 17).

Estimation of retirement benefits

The determination of the obligation and cost of retirement benefits is dependent on the selection of certain assumptions used by actuaries in calculating such amounts. Those assumptions include, among others, discount rates and salary increase rates which were disclosed in Note 32. While the Group believes that the assumptions are reasonable and appropriate, significant differences in the actual experience or significant changes in the assumptions may materially affect the retirement and other obligations.

Retirement assets amounted to ₱18.13 million and ₱4.73 million as of December 31, 2021 and 2020, respectively whereas retirement liabilities amounted to ₱223.03 million and ₱611.6 million as of December 31, 2021 and 2020, respectively (Note 32).

Realizability of deferred tax assets

The Group reviews the carrying amounts of deferred income taxes at each reporting date and reduces deferred tax assets to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilized. Where there is no absolute assurance that each legal entity in the Group will generate sufficient taxable profit to allow all or part of its deferred tax assets to be utilized, deferred tax assets are not recognized.

Deferred tax assets recognized and unrecognized by the Group are disclosed in Note 33 to the consolidated financial statements.

Classification of creditable withholding tax

The Group classify its creditable withholding tax (CWT) as current when it is expected to be realized (e.g., will be used as tax credit against income taxes due) for at least twelve months after the reporting period. The portion of CWT that is expected to be realized after twelve months after the reporting period is classified as noncurrent. In 2021, the Group classified CWT amounting to ₱924.34 million as non-current as management assessed that it will not be used as tax credits within the next twelve months.

CWT recognized by the Group are disclosed in Notes 10 and 17 to the consolidated financial statements.

Provisions and contingencies

The Group is currently involved in various proceedings. The estimate of the probable costs for the resolution of these claims has been developed in consultation with outside counsel handling the Group's defense in these matters and is based upon an analysis of potential results. The Management does not believe that these proceedings will have a material adverse effect on the Group's financial statement because management and its legal counsels believe that the Group has substantial legal and factual bases for its position (Notes 18 and 35).

Estimation of impact of coronavirus pandemic

The impact of coronavirus pandemic to the Group's business operations relates to any potential interruptions or disruptions. The Group ensure that the impact of COVID-19 pandemic is appropriately reflected in its consolidated financial statements, and currently assessed the impact on its assets and liabilities as follows:

- Collectability of accounts with customers continues to be closely monitored. A material change in the provision for impairment of trade receivables has not been identified.
- There were no onerous contracts or additional provisions that have been recognized resulting from the direct impact of coronavirus pandemic.
- Additional costs incurred by the Group due to COVID-19 pandemic that do not represent satisfaction of performance obligation are excluded in the measurement of progress on the Group's contracts with customers.
- The Group has also considered the increased uncertainty in determining key assumptions within the assessment of future taxable income of the Group upon which recognition of deferred tax assets is assessed, including forecast of revenue and expenses, among others.

The Group continues to monitor the risks and the ongoing impacts of COVID-19 pandemic on its business.

6. Cash and Cash Equivalents

This account consists of:

	2021	2020
Cash on hand and in banks	₱2,929,391,629	₱1,924,416,281
Short-term investments	6,127,094,444	1,294,317,494
	₱9,056,486,073	₱3,218,733,775

Cash in banks earns interest at the respective bank deposit rates. Short-term investments are made for varying periods of up to three (3) months depending on the immediate cash requirements of the Group and earns annual interest at the respective short-term investment rates.

Interest income from cash in banks and short-term investments amounted to ₱10.55 million, ₱25.10 million, and ₱37.19 million for the years ended December 31, 2021, 2020 and 2019, respectively (Note 24).

7. Receivables

This account consists of:

	2021	2020
Trade		
Construction and infrastructure	₱2,317,099,708	₱3,460,003,600
Education	1,251,619,696	1,166,226,739
Car dealership	254,215,348	469,628,623
Other services	93,779,985	189,255,856
Other receivables		
Receivables from plant	40,500,435	38,118,335
Advances to officers and employees	30,070,838	29,425,653
Accrued referral incentives	19,288,160	17,817,943
Receivable from sale of investment properties	17,285,545	21,280,648
Receivable from customers	16,061,797	20,479,281
Dividends receivable (Note 22)	10,414,928	3,236,665
Rent receivable	33,564	111,322
Receivable from EEI RFI	-	38,000,000
Others	157,705,764	259,425,599
	4,208,075,768	5,713,010,264
Less allowance for impairment	479,510,720	366,936,427
	₱3,728,565,048	₱5,346,073,837

Trade receivables

The trade receivables are noninterest-bearing and collectible within one (1) year which consists of the following:

Receivable from construction and infrastructure

Receivables from construction and infrastructure mainly represent amounts arising from domestic construction contracts which are generally on a 30-day credit term.

Receivables from education

Receivables from education represent amounts arising from tuition and other matriculation fees which are normally collected at end of every school term before the students can proceed to the next term. This also includes receivable from Department of Education amounting to ₱140.8 million and ₱138.8 million as at December 31, 2021 and 2020, respectively, arising from the Senior High School (SHS) Voucher Program wherein qualified SHS students are given assistance on tuition fees. These receivables are noninterest-bearing and are generally collectible within one year.

Receivables from car dealership

Receivables from car dealership represent amounts arising from the sale of car, parts and accessories and services collectible within 30 days.

Receivables from other services

Receivables from other services represent amounts arising from management and consultancy services provided by the Group generally collectible within 30 days.

No trade receivables were used as collaterals to secure obligations as of December 31, 2021 and 2020.

Other receivables

Receivables from plant pertain to noninterest-bearing receivables from Honda Cars Philippines, Inc. and Isuzu Philippines Corporation, for promotional subsidy and fleet discounts. Receivables from plant are collectible within a year in the normal course of Group's business.

Advances to officers and employees are interest-bearing and repaid on a monthly basis through salary deductions.

Accrued referral incentives pertain to income from accredited bank institutions earned by the car dealership branches through referrals made to customers who obtained bank financing in the acquisition of vehicles.

Receivable from sale of investment properties

On December 11, 2017, the Group through EEI, sold a parcel of land located in Batangas for ₱466.7 million. Both parties agreed the selling price will be settled in eight (8) semi-annual installments and shall bear annual interest rate of 2%.

Receivable from customers

In 2017, certain trade receivables were reclassified as interest-bearing trade receivables after the Group and the customers agreed to extend the credit terms. These receivables bear interest of 5% per annum and will be repaid in five (5) years' time. As of December 31, 2021 and 2020, the current portion of receivable amounted to ₱16.1 million and ₱20.5 million, respectively, while the noncurrent portion of receivable as of December 31, 2021 and 2020 amounted to nil and ₱2.8 million, respectively (Note 17).

Receivables classified as "Others" consist of interest, commission, insurance and various receivables.

The movements in allowance for impairment for the years ended December 31 follow:

	2021					
	Construction and Infrastructure	Car Dealership	Education and Information Technology	Other Services	Other Receivables	Total
Balance at beginning of year	₱62,690,313	₱36,551,181	₱174,881,069	₱9,675,359	₱83,138,505	₱366,936,427
Provisions – net of recoveries (Note 29)	5,080,222	–	117,095,947	–	–	122,176,169
Write-offs	–	–	(2,087,204)	–	(7,514,672)	(9,601,876)
Balance at end of year	₱67,770,535	₱36,551,181	₱289,889,812	₱9,675,359	₱75,623,833	₱479,510,720

	2020					
	Construction and Infrastructure	Car Dealership	Education and Information Technology	Other Services	Other Receivables	Total
Balance at beginning of year	₱51,189,642	₱39,310,600	₱131,164,201	₱7,709,751	₱56,669,330	₱286,043,524
Provisions – net of recoveries (Note 29)	11,500,671	1,718,005	48,755,470	2,753,111	40,896,344	105,623,601
Write-offs	–	(4,477,424)	(5,038,602)	(787,503)	(14,427,169)	(24,730,698)
Balance at end of year	₱62,690,313	₱36,551,181	₱174,881,069	₱9,675,359	₱83,138,505	₱366,936,427

8. Contract Assets and Liabilities

Contract Assets

The Group presents contract receivable and retentions withheld by customer as contract assets as the Group's right for consideration is conditioned on the lapse of the defect and liability period and the receipt of customer certification that there are no defects on the constructed asset. These are reclassified as receivables upon the lapse of the defect and liability period and final customer acceptance.

The Group's contract assets amounted to ₱9.8 billion and ₱8.6 billion as of December 31, 2021 and 2020, respectively. The increase in this account is due to the improvement on the level of production of the Group after COVID-19 restrictions have been lifted and operating activities have resumed.

Details of the Group's contract assets as of December 31, 2021 and 2020 are shown below.

	2021		Total
	Current	Noncurrent	
Contract assets	₱8,788,954,322	₱1,088,902,619	₱9,877,856,941
Less: Allowance for expected credit losses	47,701,273	9,443,812	57,145,085
	₱8,741,253,049	₱1,079,458,807	₱9,820,711,856

	2020		Total
	Current	Noncurrent	
Contract assets	₱7,642,055,723	₱993,635,397	₱8,635,691,120
Less: Allowance for expected credit losses	36,785,303	15,154,047	51,939,350
	₱7,605,270,420	₱978,481,350	₱8,583,751,770

Movement in the allowance for expected credit losses for the years ended December 31, 2021 and 2020 follows:

	2021		Total
	Current	Noncurrent	
Balance at beginning of year	₱36,785,303	₱15,154,047	₱51,939,350
Provision (Note 29)	10,915,970	—	10,915,970
Reversal	—	(5,710,235)	(5,710,235)
Balance at end of year	₱47,701,273	₱9,443,812	₱57,145,085

	2020		Total
	Current	Noncurrent	
Balance at beginning of year	₱9,072,771	₱226,907	₱9,299,678
Provision (Note 29)	27,712,532	14,927,140	42,639,672
Balance at end of year	₱36,785,303	₱15,154,047	₱51,939,350

Contract Liabilities

Details of the Group's contract liabilities as of December 31, 2021 and 2020 are shown below.

	2021	2020
Total contract liabilities	₱1,678,367,403	₱2,557,001,832
Less current portion	1,112,517,781	898,322,177
	₱565,849,622	₱1,658,679,655

Contract liabilities from construction and infrastructure segment consist of down payments received in relation to construction contracts that will be recognized as revenue in the future as the Group satisfies its performance obligations.

Contract liabilities from education segment represent the unearned tuition fees and accounts payable to students and will be recognized as revenue when the related educational services are rendered. Contract liabilities related to the remaining performance obligations of the education segment are generally recognizable within one (1) year.

9. Inventories

This account consists of:

	2021	2020
Construction materials	₱832,425,956	₱1,042,419,432
Merchandise	474,292,929	624,248,970
Real estate:		
Land and land development	152,710,557	151,725,740
Raw lands	45,073,466	42,584,391
Subdivision lots and contracted units for sale	38,156,275	36,460,877
	235,940,298	230,771,008
Spare parts and supplies	73,386,396	72,729,484
	1,616,045,579	1,970,168,894
Less: Allowance for inventory obsolescence	75,778,306	82,135,203
	₱1,540,267,273	₱1,888,033,691

Merchandise includes automotive units, parts and accessories, food and beverages, among others. The summary of the movement in real estate inventories is set out below:

	2021	2020
Balance at beginning of year	₱230,771,008	₱239,537,439
Construction/development costs incurred	12,683,984	13,698,819
Cost of real estate sales (Note 25)	(7,514,694)	(22,465,250)
Balance at end of year	₱235,940,298	₱230,771,008

The total cost of goods sold recognized in the Group's statements of comprehensive income amounted to ₱3,339.1 million, ₱3,646.8 million and ₱6,604.4 million in 2021, 2020 and 2019 respectively (Note 25).

The Group recognizes inventory write-down whenever the NRV of the existing inventories is lower than its cost.

The rollforward of allowance for inventory obsolescence is as follows:

	2021	2020
Balance at beginning of year	₱82,135,203	₱107,595,425
Provision (Note 29)	8,728	21,960,851
Write-off	(6,365,625)	(47,421,073)
Balance at end of year	₱75,778,306	₱82,135,203

No inventories were pledged as security to obligations as of December 31, 2021 and 2020.

10. Prepaid Expenses and Other Current Assets

This account consists of:

	2021	2020
Advances to suppliers and contractors	₱582,390,512	₱1,004,942,386
Prepaid expenses	278,971,080	190,085,167
Creditable withholding taxes (CWTs) (Note 17)	269,509,910	929,043,644
Miscellaneous deposits	131,535,400	120,704,511
Input value added tax (VAT)	75,093,601	55,371,913
Prepaid taxes	66,879,289	-
Bid deposit	59,822,400	-
Restricted funds	56,284,600	30,960,042
Advances to officers and employees	50,822,589	58,475,817
Restricted cash investment	31,947,640	27,747,232
Others	101,009,215	144,071,804
	1,704,266,236	2,561,402,516
Less allowance for impairment	16,458,668	16,458,668
	₱1,687,807,568	₱2,544,943,848

Advances to suppliers and contractors represent down payment to subcontractors for the contract work to be performed and advance payment for the purchase of various construction materials.

Prepaid expenses mainly include prepayments for membership fees, subscriptions, rentals and insurance, among others.

CWTs pertain to unutilized creditable withholding tax which will be used as tax credit against income taxes due. This will be used as tax credit against income taxes due. The EEI Group determines that taxes withheld can be recovered in future periods. In 2021, the Group classified CWT as non-current as management assessed that it will not be used as tax credits within the next twelve months (Note 17).

Miscellaneous deposits mainly represent the Group's refundable rental, utilities and guarantee deposits on various machinery and equipment items.

Others include financial assets at FVPL, various deposits, other supplies, among others.

Movements in allowance for impairment for the years ended December 31 are shown below:

	2021			
	Miscellaneous deposits	Advances to officers and employees	Advances to suppliers and subcontractors	Total
Balance at beginning and end of year	₱3,335,193	₱29,516	₱13,093,959	₱16,458,668

	2020			
	Miscellaneous deposits	Advances to officers and employees	Advances to suppliers and subcontractors	Total
Balance at beginning of year	₱3,335,193	₱29,516	₱1,545,329	₱4,910,038
Provisions for ECL (Note 29)	–	–	11,548,630	11,548,630
Balance at end of year	₱3,335,193	₱29,516	₱13,093,959	₱16,458,668

11. Equity Investments at Fair Value through Other Comprehensive Income (FVOCI)

This account consists of:

	2021	2020
Quoted equity investments	₱109,266,412	₱91,603,168
Unquoted equity investments	418,103,584	455,473,326
	₱527,369,996	₱547,076,494

Movements in the fair value reserve recognized in other comprehensive income (net of tax effect) are as follows:

	2021	2020
Attributable to equity holders of the parent:		
Balance at beginning of year	₱175,482,889	₱311,094,152
Loss recognized in OCI	(108,152,229)	(135,611,263)
Balance at end of year	67,330,660	175,482,889
Non-controlling interests:		
Balance at beginning of year	232,495,478	240,945,407
Income (loss) recognized in OCI	89,075,091	(8,449,929)
Balance at end of year	321,570,569	232,495,478
	₱388,901,229	₱407,978,367

The Group elected to present the fair value changes of these equity investments in other comprehensive income because it does not intend to hold these investments for trading.

The fair value of the Group's unquoted equity investments in HEDC is determined using the adjusted net asset approach wherein the assets of investee are adjusted from cost to their fair value. The valuation was performed by an independent SEC-accredited appraiser as of December 31, 2021.

Dividends earned from equity investments at FVOCI amounted to ₱35.2 million, ₱37.9 million, and ₱54.8 million in 2021, 2020 and 2019, respectively (Note 24).

No equity investments at FVOCI were pledged as security to obligations as of December 31, 2021 and 2020.

12. Investments in Associates and Joint Venture

The rollforward analysis of this account follows:

	2021	2020
Acquisition cost:		
Balance at beginning of year	P4,690,263,520	P4,841,636,714
Additions	-	450,000
Return of investment in ARCC	(454,139,216)	(575,959,276)

RRC

RRC was incorporated on July 29, 1997 and is presently engaged in developing real estate and leasing condominium units for commercial and/or residential purposes.

PERC

In April 2019, the Parent Company purchased additional 4,153,651 shares of PERC, an entity listed with PSE, amounting to ₱17.8 million, resulting to an increase in ownership interest from 28.36% to 29.10%.

On February 2, 2018, the Parent Company purchased additional 69,285,418 shares amounting for ₱332.6 million on ₱4.8 per share resulting to an increase in ownership interest from 22.41% to 28.36%.

Its share price amounted to ₱4.01 per share and ₱3.70 per share as of December 31, 2021 and 2020 respectively.

PGEC

PGEC was incorporated on March 31, 2010 primarily to carry on the general business of generating, transmitting, and/or distributing power derived from renewable and conventional sources of power.

MMPC

MMPC was incorporated and registered with the SEC on September 26, 1962 primarily to engage in development and sale of memorial lots.

SGAPC

On November 8, 2019, the Parent Company purchased 2,500,000 shares of SGAPC from Sojitz Corporation amounting to ₱50.00 million or equivalent to 20.00% ownership equity.

ARCC

In 2021 and 2020, ARCC repaid investment amounting to ₱454.1 million and ₱576.0 million, respectively. The transactions did not result to a change in the 49% ownership of EEI Limited over ARCC.

In 2017, the stockholders of ARCC extended advances amounting to ₱1,620.8 million (SAR121.75 million) to ARCC to refinance the associate's maturing bank loan and other funding requirements. The amount of the extended loan is proportionate to the ownership interests of the stockholders. Subsequently, the stockholders agreed to treat the ₱1,591.5 million (SAR121.75 million) loan as non-refundable Shareholders' funding in the statement of equity of ARCC. Consequently, the ₱794.2 million (SAR59.66 million) advances extended by the Group to ARCC was reclassified as additional investment in ARCC.

EEI Limited made additional investment of ₱294.9 million in ARCC in 2016.

PSOC

In 2019, EPC made an additional investment of ₱148.3 million in PSOC. This transaction did not result to a change in the 44% ownership of EPC over PSOC. In 2021 and 2020, no additional investments were made in PSOC.

In 2018, EPC made additional investment of ₱175.80 million in PSOC.

In 2015, the EPC purchased 3.7 million shares from PSOC amounting to ₱366.43 million which resulted to 44% ownership on the latter. PSOC was incorporated on June 17, 2015 primarily to carry out the general business of generating, transmitting, and/or distributing power derived from renewable energy resources. It has a 50-megawatt solar farm in Tarlac City.

PWEI

In 2013, the Group, through EEI Power acquired 20% stake in PWEI for ₱118.75 million. PWEI has a wind energy project in Nabas, Aklan.

PWEI is owned 40% by PERC, 40% by BCPG Wind Cooperatief U.A. and 20% by EEI. BCPG Wind Cooperatief U.A. bought out the other shareholder (CapAsia ASEAN Wind Holdings Cooperatief U.A.) on May 16, 2017.

SHEC

In 2019, the Group, through EEI, acquired 40% stake in Shinbayanihan Heavy Equipment Corporation (SHEC) and was accounted as investment in joint venture. SHEC was incorporated on July 26, 2019 primarily to engage in the business of managing the operation of used and new construction equipment rental and used and new construction equipment wholesale business in the Philippines and import and export of used and new construction equipment without engaging in retail trading.

BEO DMC

In 2020, the Group, through EEI, acquired 30% stake in BEO Distribution and Marketing Corporation (BEO DMC) and was accounted as joint venture. BEO DMC was incorporated on September 20, 2019 primarily to engage in the business of distributing and marketing goods, products and items of commerce without engaging in retail activity.

SFTE JV

On September 12, 2020, the Group entered into a joint venture agreement with Shimizu Corporation, Fujita Corporation, Takenaka Civil Engineering & Construction Co. Ltd. (SFTE JV) to contract with the Department of Transportation (DOTr) of the Republic of the Philippines for the Metro Manila Subway Project (MMSP)-Phase 1, Contract Package 101. In the joint venture, the EEI Group acquired a proportionate share of 5% with regard to the assets, liabilities, costs, profits and losses arising out of the execution of the Works as identified in the contract with DOTr. The joint venture

13. Property and Equipment

Property and equipment at revalued amount

Movements in the revalued land are as follows:

	2021	2020
Balance at beginning of year	₱7,957,658,100	₱9,185,924,384
Additions (deductions):		
Appraisal effect	333,961,750	(72,695,173)
Reversal of impairment	–	5,237,506
Reclassification to investment properties – net	–	(1,160,808,617)
Balance at end of year	₱8,291,619,850	₱7,957,658,100

Land at revalued amounts consists of owner-occupied property wherein the school buildings, car dealership showroom, and other facilities are located.

In December 2020, MESI (a wholly-owned subsidiary of IPO), sold its investment in SLRHSI, its subsidiary, to the Parent Company for ₱1,946.6 million (Note 16). The only asset of SLRHSI is the parcel of land in Makati. The selling price represents the fair value of the land classified as owner-occupied property and equipment which was accounted for using the revaluation model. The sale is eliminated in the consolidated financial statements.

Upon transfer to the Parent Company, the land was reclassified to investment property which is accounted for using the cost model. Accordingly, the corresponding revaluation increment in IPO, amounting to ₱785.8 million, was transferred to retained earnings.

As of December 31, 2021 and 2020, the appraised values of the parcels of land were determined using the market approach which is a valuation technique that uses prices and other relevant information generated by market transactions involving identical or comparable assets and adjusted to reflect differences on size, shape and terrain and location among others. The significant unobservable valuation input is price per square meter (level 3 – Significant unobservable inputs). The parcels of land were valued in terms of their highest and best use. The valuation was performed by an independent SEC-accredited appraiser as of December 31, 2021.

Below is a listing of the properties owned by the Group together with the description of the valuation techniques used and key inputs to valuation of land:

Location	Valuation Techniques	Unobservable Inputs Used	Range (Weighted Average)	
			2021	2020
Quezon and Panay Avenue, Quezon City	Market Approach	Price per square meter	₱85,846 to	₱92,032 to
			₱136,800	₱125,000
Barangay Tuding, Itogon, Benguet	Market Approach	Price per square meter	(₱112,000)	(₱107,000)
			₱7,679 to	₱6,864 to
Barangay Sta. Maria, Itogon and Bolo Bauan, Batangas	Market Approach	Price per square meter	₱7,700	₱7,220
			(₱7,700)	(₱7,000)
Barangay Biga I, Silang, Province of Cavite	Market Approach	Price per square meter	₱5,800 to	₱4,980 to
			₱6,000,	₱6,413,
Makati and Intramuros, Manila	Market Approach	Price per square meter	(₱5,800)	(₱5,400)
			₱8,363 to	₱7,600 to
Cabuyao, Laguna	Market Approach	Price per square meter	₱8,400	₱8,479
			(₱8,400)	(₱8,000)
Davao City, Davao Del Sur	Market Approach	Price per square meter	₱61,000 to	₱48,000 to
			₱222,500	₱100,800
Pandacan, Metro Manila	Market Approach	Price per square meter	₱10,412 to	₱8,640 to
			₱14,042	₱16,200
San Jose Del Monte City, Bulacan	Market Approach	Price per square meter	₱23,750 to	₱13,553 to
			₱32,148	₱40,800
Naga City, Camarines Sur	Market Approach	Price per square meter	₱76,500 to	₱51,300 to
			₱93,500	₱85,500
Quiapo, Manila	Market Approach	Price per square meter	₱55,510 to	₱50,468 to
			₱59,993	₱59,993
			₱18,573 to	₱15,750 to
			₱27,075	₱31,050
			₱70,837 to	₱69,034 to
			₱130,625	₱133,650

In 2019, IPO Group recorded provision for impairment in value of ₱21 million on a parcel of land charged to profit or loss [presented under ‘Other income (charges) – net] as there was no previous revaluation increment recognized on said land. Based on the 2020 appraisal of the same parcel of land, there was an increase in value of ₱5.2 million. The increase was credited to profit or loss as “Other income (charges) – net” in the 2020 consolidated statement of income.

Net adjustment factors arising from external and internal factors (i.e. market conditions, competitiveness, size/shape/terrain, and development) affecting the subject properties as compared to the market listing of comparable properties ranges from -5% to +50% in 2021 and from -30% to +35% in 2020.

Significant increases (decreases) in estimated price per square meter would result in a significantly higher (lower) fair value of the land.

In 2021, 2020 and 2019, the Group revalued its land based on the appraisals made by SEC accredited appraisers.

As of December 31, 2021 and 2020, the cost of the parcels of land carried at revalued amounts amounted to ₱5,985 million and ₱5,607 million, respectively.

Property and equipment at cost

The rollforward analysis of this account follows:

	2021					Total
	Buildings and Improvements	Machinery, Tools and Construction Equipment	Transportation and Service Equipment	Furniture, Fixtures, and Office Equipment	Construction in Progress	
Cost						
Balance at beginning of year	₱6,217,750,751	₱5,412,856,675	₱1,429,509,005	₱3,081,479,036	₱1,458,496,670	₱17,600,092,137

Construction in progress mainly includes the general cost of construction of the Group's school building in Makati City and other direct cost.

The distribution of the depreciation and amortization expenses of the Group's property and equipment follows:

	2021	2020	2019
Cost of sales and services			
Construction contracts (Note 27)	₱368,679,702	₱446,829,677	₱505,054,894
Tuition and other fees (Note 28)	292,352,937	367,983,710	273,365,949
Manpower and other services (Note 27)	9,803,937	13,483,485	85,027,698
	670,836,576	828,296,872	863,448,541
General and administrative expenses (Note 29)	262,073,283	313,647,050	249,186,777
	₱932,909,859	₱1,141,943,922	₱1,112,635,318

Gain on sale of property and equipment amounted to ₱19.73 million, ₱14.86 million and ₱101.53 million in 2021, 2020 and 2019, respectively.

14. Leases

Group as a lessor

IPO Group's Intramuros and Makati campuses lease spaces to Digital Telecommunications Philippines or Digitel, IMI and Bell Telecommunication Philippines, Inc. The lease terms cover lease periods of between three (3) years to ten (10) years with escalation rates ranging from 3.00% to 10.00%.

The future minimum rentals receivable under the aforementioned lease agreements follow (in thousands):

	2021	2020
Within one year	₱797,202	₱869,675
More than one year but not more than five years	3,642,577	4,036,164
Later than five years	-	106,108
	₱4,439,779	₱5,011,947

Group as a lessee

The Group has lease contracts for various items of land, improvements, office spaces, warehouses, school sites and annexes and other equipment used in its operations, among others. Leases of land, improvements and school sites generally have lease terms between 4 and 66 years, while other equipment generally have lease terms between 1 and 3 years. The Group's obligations under its leases are secured by the lessor's title to the leased assets. There are several lease contracts that include extension and termination options and variable lease payments, which are further discussed below.

The Group also has certain leases with lease terms of 12 months or less and leases of office equipment with low value. The Group applies the 'short-term lease' and 'lease of low-value assets' recognition exemptions for these leases.

- a. The Parent Company's lease contract term is one (1) year and includes renewal option for another year subject to mutual agreement of the company and lessor. Management exercises significant judgement in determining whether the renewal option is reasonably certain to be exercised.
- b. Starting January 2007, EEI and EEI Retirement Fund, Inc. (RFI) entered into a lease agreement for the lease of land and improvements. The lease terms are for one year and renewable every year with 5% increase effective January 1, 2014.
- c. EEI Group leases a staff house which it occupies for its operations for a period of two years, both parties has the option to renew as per agreement.
- d. EEI Group leases a lot and offices which it occupies for its operations during the period of the projects of the Group with option to renew as per agreement. The Group entered into a lease contract covering the period of October 16, 2011 to October 15, 2014. The contract has a rate of ₱450 per square meter for the first two years and ₱460 per square meter for the third year.
- e. In May 2016, EEI Group entered into a lease agreement for a period of five (5) years commencing on July 7, 2016 and expired on July 6, 2021. The leased premises has an escalation of 10% starting the second year of lease. This was renewed for a period of five (5) years covering July 7, 2021 to July 6, 2026.

- f. In April 2016, the EEI Group renewed the lease for a period of three (3) years commencing from April 16, 2014 to April 15, 2019. The lease contract has a rate of ₱630 per square meter for the first year and subject to 5% yearly increase thereafter.
- g. In February 2020, EEI and GAMSJ entered into a lease agreement for the lease of office space located at 12 Manggahan St. Bagumbayan, Quezon City. The lease shall start from January 1, 2020. This was renewed for period covering January 1, 2021 to December 31, 2021. The lease terms are for one year and renewable every year.
- h. In June 2021, EEI Group entered into a lease agreement for a parcel of land for a period of fourteen (14) months commencing on July 1, 2020 and expiring on August 31, 2021.
- i. IPO Group leases staffhouses for a period of one (1) year that are renewable annually upon mutual agreement of IPO Group and its lessors. Monthly lease payments range from ₱14,000 to ₱65,000.
- j. Landev Corporation entered into lease agreements that are renewable upon mutual agreement of Landev Corporation and the lessors:

Lessor	Commencement date	Term	Monthly Rental
Grepa Realty Holdings Corporation	January 1, 2021	1 year	₱324,802
Rizal Commercial Banking Corporation	July 25, 2020	3 years	129,974*
Rizal Commercial Banking Corporation	January 1, 2020	5 years	13,238*
Grepa Realty Holdings Corporation	January 1, 2021	1 year	7,252

*subject to 5% annual escalation rate

Rent expense recognized in 2021 and 2020 amounted ₱5.24 million and ₱5.66 million, respectively.

Future minimum lease payments of above lease agreements as at December 31 are as follows:

	2021	2020
Within one year	₱1,656,391	₱1,512,585
After one year but not more than five years	1,028,245	2,417,638
	₱2,684,636	₱3,930,223

- k. The Greyhounds Security and Investigation Agency Corporation entered into an agreement with Grepa Realty Holdings Corporation for the lease of office space. The lease is renewable annually upon mutual agreement by both parties. Rent expense recognized in 2021 and 2020 amounted to ₱0.68 million and ₱0.66 million, respectively.
- l. In 2011, IMI entered into lease agreements with Mapua Information Technology Centers, Inc., Malayan Colleges, Inc. and Malayan High School of Science for canteen spaces. In 2016, the Company started to lease a canteen space from Malayan Colleges Laguna, Inc. These lease agreements cover a period of one year with monthly lease payments ranging from ₱4,464 to ₱165,934.
- m. Hexagon Lounge, Inc. entered into a lease agreement for the lounge and office space it occupies. The lease is renewable annually as may be mutually agreed upon by the parties with monthly minimum lease payments of ₱10,000 or 2% of net restaurant sales, whichever is higher.

- n. In 2020, the Group pre-terminated the lease contracts of property used by the following closed car dealership branches:

Closed Branches	Contract Date	Contract End Date	Date Terminated
Honda Cars Kalookan	December 26, 2018	December 25, 2023	June 30, 2020
Honda Cars Fairview	April 24, 2014	April 23, 2020	June 30, 2020
Honda Cars Marikina	January 1, 2009	June 15, 2020	June 30, 2020
Honda Cars Marcos Highway	June 1, 2013	May 31, 2023	July 30, 2020
Isuzu Greenhills	January 26, 2009	January 25, 2024	June 30, 2020

The carrying amount of right-of-use assets and the movement for the years ended December 31 follow:

	2021	2020
Balance at beginning of year	₱1,271,074,183	₱1,605,726,653
Additions	56,387,533	41,738,517
Derecognition	(11,780,572)	(156,244,383)
Amortization of right-of-use asset	(209,506,215)	(220,146,604)
Balance at end of year	₱1,106,174,929	₱1,271,074,183

The distribution of the amortization of the Group's right-of-use assets follow:

	2021	2020	2019
Cost of sales and services			
Construction contracts (Note 27)	₱58,227,556	₱71,004,873	₱43,008,349
Tuition and other fees (Note 28)	52,013,000	4,628,679	63,477,198
	110,240,556	75,633,552	106,485,547
General and administrative expenses	99,265,659	144,513,052	140,380,466
	₱209,506,215	₱220,146,604	₱246,866,013

The carrying amount of lease liability and the movement for the years ended December 31 follow:

	2021	2020
Balance at beginning of year	₱1,085,685,479	₱1,538,664,329
Interest expense	97,449,099	107,042,613
Additions	35,299,308	94,311,240
Derecognition	(52,838,575)	(202,137,944)
Payments	(50,235,057)	(287,547,391)
Balance at end of year	1,115,360,254	1,250,332,847
Less: Current portion	124,406,516	164,647,368
Noncurrent portion	₱990,953,738	₱1,085,685,479

Derecognition pertains to termination of lease contracts of closed car dealership branches. The difference between right-of-use asset and lease liability is accounted for under miscellaneous expense of General and administrative expenses in the 2021 consolidated statement of income (Note 29).

The following are the amounts recognized in consolidated statement of income:

	2021	2020	2019
Amortization of right-of-use assets under cost of sales and services (Notes 27, 28, and 30)	₱110,240,556	₱75,633,552	₱106,485,547
Amortization of right-of-use assets under general and administrative expenses (Notes 29 and 30)	99,265,659	144,513,052	140,380,466
Gain on derecognition of right-of-use assets and lease liabilities	–	(65,311,691)	–
Interest expense on lease liabilities	97,449,099	107,042,613	79,459,539
Expenses relating to short-term leases and low value assets	19,980,316	15,438,735	25,730,148
	₱229,935,727	₱364,316,261	₱452,055,700

The COVID-19-related lease concessions amounting to ₱19.42 million were accounted as negative variable lease expense charged against depreciation and amortization under General and administrative expense account in the 2020 consolidated statement of income.

Shown below is the maturity analysis of the undiscounted lease payments for years ended December 31 as follow:

	2021	2020
Within one year	₱229,589,347	₱215,341,091
After one year but not more than five years	823,985,041	569,439,821
Five years and more	480,640,298	594,200,008
Total	₱1,534,214,686	₱1,378,980,920

15. Goodwill

The carrying amount of goodwill allocated to each of the CGUs follows:

	2021	2020
EEI Corporation and Subsidiaries	₱300,859,305	₱300,859,305
MESI	137,853,346	137,853,346
IPO	32,644,808	32,644,808
Business combination of IPO and AEI	13,472,260	13,472,260
	₱484,829,719	₱484,829,719

Goodwill of EEI and IPO

The Group performed impairment testing on goodwill arising from acquisition of EEI and IPO. For purposes of impairment testing, EEI and IPO are considered as the CGUs.

Management determined that the recoverable amount of the goodwill balances of EEI and IPO were fair values less costs of disposal wherein the fair values are the quoted prices of the shares of stocks of EEI and IPO in the Philippine Stock Exchange as of December 31, 2021 and 2020 and incorporated control premium in the said fair values (Level 3 – Significant unobservable inputs). Management assessed that the costs of disposal, which mainly consist of the stock transaction tax, brokers' commission and transaction fee with the stock exchange to be insignificant.

In 2021 and 2020, Management assessed that the recoverable amount of the goodwill balances exceed their carrying values, thus, no impairment loss should be recognized.

In 2021, 2020 and 2019, Management assessed that the recoverable amount of the goodwill balances exceed their carrying values, thus, no impairment loss should be recognized.

Goodwill of MESI

The goodwill recognized in the consolidated statement of financial position amounting ₱137.85 million as at December 31, 2021 and 2020 pertains to the excess of the acquisition cost over the fair values of the net assets of MESI acquired by the Group through IPO in 1999.

The Group performed impairment testing on goodwill arising from acquisition of MESI wherein MESI was considered as the CGU.

Key assumptions used in the value in use (VIU) calculation

As at December 31, 2021 and 2020, the recoverable amount of the CGU has been determined based on a VIU calculation using five-year cash flow projections. Key assumptions in the VIU calculation of the CGU are most sensitive to the following:

- Future revenues and revenue growth rates. Cash flow projections based on financial budgets approved by management covering a five-year period and considers the impact of the K to 12 Basic Education Program on MESI's financial performance effective 2016 and the coronavirus pandemic.
- Long-term growth rates (4.84% for 2021 and 3.78% for 2020). The Long-term growth rate is the expected growth rate in the education industry sector.
- Discount rate (11% for 2021 and 10.9% for 2020). The discount rate used for the computation of the net present value is the weighted average cost of capital and was determined by reference to Parent Company's capital structure.

Sensitivity to changes in assumptions

Management believes that no reasonably possible change in any of the above key assumptions would cause the carrying value of goodwill to materially exceed its recoverable amount.

In 2021, 2020 and 2019, Management assessed that no impairment loss should be recognized.

Goodwill arising from Business Combination

On October 1, 2018, the BOD of IPO executed a MOA for a proposed Plan of Merger between IPO and AEI with IPO as the surviving entity with HI and AC owning 48.18% and 33.5%, respectively. The merger would bring together the educational groups of HI and AC.

On April 24, 2019, the SEC approved the merger between IPO and AEI, with IPO as the surviving entity, and to take effect five business working days thereafter or May 2, 2019. On said date, IPO issued 295,329,976 common shares from its unissued capital stock to AC, the parent company of AEI. IPO being the surviving corporation is deemed to have acquired all the assets and to have assumed all the liabilities of AEI in a business combination accounted for under the acquisition method. In exchange for the transfer of the net assets of AEI to IPO, the latter issued to AC an aggregate of 295,329,976 shares with par value of ₱1.0 per share for a total fair value of ₱3.6 billion based on IPO's quoted closing rate per share as of May 2, 2019. The excess of the fair value of shares issued over the par value was recognized as additional paid-in capital by IPO.

Assets acquired from AEI includes investments in the following subsidiaries:

Subsidiaries	Ownership Interest
APEC	100.00%
NTC	99.79%
UNC	58.63%
ACCET	100.00%
LINC	100.00%

The fair values of the identifiable assets and liabilities acquired and goodwill arising as at the date of acquisition follows (amounts in thousands):

Assets	
Cash and cash equivalents	₱1,291,500
Trade and other receivables	231,421
Other current assets	188,222
Land	2,038,085
Property, plant and equipment	725,681
Right-of-use assets	363,029
Intellectual property rights	523,103
Student relationship	116,009
Other noncurrent assets	102,717
	<u>5,579,767</u>
Liabilities	
Accounts and other payables	319,124
Loans payable	260,000
Deferred tax liabilities	432,946
Leased liabilities	374,622
Other liabilities	77,815
	<u>1,464,507</u>
Total identifiable net assets at fair value	4,115,260
Non-controlling interest	(537,520)
Goodwill	13,472
Cost of acquisition	<u><u>₱3,591,212</u></u>

The non-controlling interests have been measured at the proportionate share of the value of the net identifiable assets acquired and liabilities assumed.

The goodwill arising from the merger between IPO and AEI on May 2, 2019 amounted to ₱13.47 million. No impairment testing was done on the goodwill as the Group assessed it as not material to the consolidated financial statements.

The merger between IPO and AEI resulted to the Group identifying other intangible assets such as the intellectual property rights with infinite life and student relationship with an estimated useful life of 5 years to 7 years based on the contractual relationship between the school entities and its students. These assets are attributed from the acquisition of operating schools NTC, APEC and UNC. The carrying value and movement of student relationship as of and for the year ended December 31 follows (amount in thousands):

	2021	2020
Cost from business combination	₱116,009	₱116,009
Accumulated amortization:		
Balance at beginning of year	(37,184)	(14,874)
Amortization for the year	(35,064)	(22,310)
Balance at end of year	(72,248)	(37,184)
Balance at end of year (Note 17)	₱43,761	₱78,825

The carrying value of intellectual property rights amounted to ₱523.10 million as of December 31, 2021 and 2020 (Note 17). As of December 31, 2021 and 2020, the Group performed impairment testing on intellectual property rights by determining the recoverable amount of the CGU based on a VIU calculation. Key assumptions used are as follows:

- Revenue projections and long-term growth rate (3% for both 2021 and 2020). Revenue projections based on financial budgets approved by management and considers the impact of the K to 12 Basic Education Program effective 2016 and the coronavirus pandemic. The long-term growth rate is the expected growth rate in the education industry sector.
- Discount rates (13% to 14% for both 2021 and 2020). The discount rate used for the computation of the net present value is the weighted average cost of capital and was determined by reference to comparable listed companies in the educational sector.
- Royalty rates (1% to 6% for both 2021 and 2020). This is based on the publicly available information on franchising of educational institutions in the Philippines, with consideration on the operational risk of the involved entity.

In 2021 and 2020, Management assessed that no impairment loss should be recognized.

16. Investment Properties

The rollforward analysis of this account follows:

	2021	2020
Cost:		
Balance at beginning of year	₱1,977,608,213	₱17,689,018
Reclassification	-	1,160,808,617
Increase in fair value	-	800,257,358
Disposals	(66,000)	(1,146,780)
Balance at end of year	₱1,977,542,213	₱1,977,608,213

Land classified as investment properties include the following:

- Parcel of land located in Makati owned by SLRHSI (Note 13). The carrying value of land reclassified from property and equipment to investment properties in 2020 amounted to ₱1,961.1 million as of December 31, 2020, which represents its fair value at the date of transfer amounting to ₱1,946.6 million (Note 13) and ₱14.50 million costs directly attributable to the transfer.
- Other parcels of land owned by EEI located in Benguet, Cavite, Nueva Ecija, Bulacan and memorial lots in Las Piñas with carrying values of ₱6.6 million, ₱0.5 million, ₱0.2 million, ₱7.0 million and ₱0.2 million, respectively, as of December 31, 2021 and of ₱6.6 million, ₱0.5 million, ₱0.2 million, ₱7.0 million and ₱0.2 million, respectively, as of December 31, 2020.

- Heritage lots held for capital appreciation of the Parent Company amounted to ₱2.0 million as of December 31, 2021 and 2020.

As of December 31, 2021, the aggregate fair values of land amounted to ₱2.25 billion, which was determined based on valuation performed by an independent SEC accredited appraiser in 2021. The fair value of the land was determined using the market approach which is a valuation technique that uses prices and other relevant information generated by market transactions involving identical or comparable assets and adjusted to reflect differences on size, and shape (Level 3 – Significant unobservable inputs).

Rental income derived from the investment properties amounted to ₱0.3 million, ₱1.2 million, and ₱0.3 million in 2021, 2020 and 2019, respectively. Total direct operating expenses incurred in relation to these investment properties amounted to nil in 2021 and ₱0.1 million in 2020 and 2019, respectively.

In 2021 and 2020, the Group sold parcels of land located in Las Pinas City for ₱0.07 million and ₱0.9 million, respectively. The Group recognized a gain of ₱0.01 and ₱0.2 million in 2021 and 2020, respectively in related to the sale.

None of the investment properties were pledged as a security to obligations as of December 31, 2021 and 2020.

17. Other Noncurrent Assets

This account consists of:

	2021	2020
CWT - net of current portion (Note 10)	₱924,336,073	₱–
Intellectual property rights (Note 15)	523,103,000	523,103,000
Deferred input VAT	162,009,652	150,221,650
Receivable from DANECO	54,570,275	–
Student relationship (Note 15)	43,761,227	78,824,857
Computer software	27,336,914	13,234,817
Miscellaneous deposit	27,081,140	29,321,863
Interest-bearing trade receivables - net of current portion (Note 7)	–	2,768,265
Others	49,781,088	86,235,659
	₱1,811,979,369	₱883,710,111

Intellectual property rights and student relationship are the intangible assets acquired in May 2019 through the merger between IPO and AC Education, Inc. (AEI), the wholly owned education arm of Ayala Corporation (Note 15).

Receivable from DANECO pertains to portion of receivables for collection beyond 1 year.

As of December 31, 2021, the average remaining useful of the computer software is 1 to 2 years. Rollforward of computer software follows:

	2021	2020
Cost		
Balance at beginning of year	₱144,137,032	₱139,735,882
Additions	20,131,041	4,515,025
Reclassification	(312,413)	(113,875)
Balance at end of year	163,955,660	144,137,032
Accumulated Amortization		
Balance at beginning of year	130,902,215	123,863,564
Amortization (Note 30)	5,716,531	7,038,651
Balance at end of year	136,618,746	130,902,215
Net Book Value	₱27,336,914	₱13,234,817

Miscellaneous deposits include rental and security deposits.

18. Accounts Payable and Other Current Liabilities

This account consists of:

	2021	2020
Accounts payable	₱5,919,553,024	₱7,725,459,889
Accrued expenses	288,359,148	239,891,188
Deferred output taxes	277,084,033	411,024,600
Provisions (Note 35)	159,266,271	159,266,271
Output tax payable	137,643,666	47,586,547
Withholding taxes and others	109,946,406	89,598,081
SSS and other contributions	47,316,542	11,840,694
Chattel mortgage payable	10,294,436	10,249,382
Payable to Land Transportation Office	4,227,497	4,919,430
Subscriptions payable	3,750,000	13,125,000
Deferred income	2,173,986	3,707,011
Dividends payable	2,137,962	19,613,877
Others	75,508,907	41,990,911
	₱7,037,261,878	₱8,778,272,881

Accounts payable pertains to the Group's obligation to local suppliers. The normal trade credit terms of accounts payable and accrued expenses of the Group are expected to be settled within the next twelve (12) months.

Accrued expenses consist of:

	2021	2020
Accrued interest	₱68,985,444	₱36,148,858
Accrued insurance	23,935,800	24,094,116
Accrued salaries and wages	20,687,569	70,658,629
Accrued security services	15,805,414	18,711,311
Accrued professional fees	15,359,000	21,514,578
Accrued utilities	4,311,000	7,762,397
Others	139,274,921	61,001,299
	₱288,359,148	₱239,891,188

Other accrued expenses mainly consist of accrual for professional fees, outside services, utilities and other expenses that are expected to be settled within one year.

Provisions were provided for claims by third parties in the ordinary course of business. As allowed by PAS 37, *Provisions, Contingent Liabilities and Contingent Assets*, only a general description is provided as the disclosure of additional details beyond the present disclosures may prejudice the Group's position and negotiation strategies with respect to these matters.

19. Loans Payable

This account consists of:

	2021	2020
Unsecured bank loans	₱5,306,469,178	₱7,607,000,000
Secured bank loans	400,000,000	375,000,000
	₱5,706,469,178	₱7,982,000,000

Unsecured

Unsecured bank loans are obtained from local banks and related party financial institutions with annual interest rates ranging from 2.50% to 5.50% and 3.50% to 5.50% in 2021 and 2020, respectively.

Secured

In 2017, the Group, through MCMI, obtained a short-term loan (STL) facility with Bank of Philippine Island (BPI), which was earmarked from the long-term loan facility of the Group from same bank, to finance the construction of MCMI's school building. Each STL facility may be re-availed/renewed/extended within a period of one year provided that the sum of the terms of re-availements/renewal/extension will not exceed 360 days. The STL facility may be converted into a 10-year term loan facility which shall be partially secured by the real estate mortgage on the real property of MCMI. The STL facility is secured by the Continuing Suretyship Agreement of MESI. Annual interest rates range from 3.00% to 5.50%.

The Group, through MCMI, also obtained short-term loans from Land Bank of the Philippines (LBP) in 2021 and 2020 amounting to ₱57.3 million, with annual interests ranging from 4.70% to 6.25%. The loans are secured by the land owned by MCMI (Note 13).

Outstanding balance of short-term loans obtained by MCMI amounted to ₱400.0 million and ₱375.0 million as at December 31, 2021 and 2020, respectively.

Movements in loans payable during the years ended December 31 follow:

	2021	2020
Balance at beginning of year	₱7,982,000,000	₱8,393,800,000
Availments	10,778,700,000	16,524,230,000
Payments	(13,054,230,822)	(16,936,030,000)
Balance at end of year	₱5,706,469,178	₱7,982,000,000

Interest expense incurred on these loans amounted to ₱319.5 million, ₱434.3 million and ₱561.6 million in 2021, 2020 and 2019, respectively.

20. Long-term Debt

This account consists of:

	2021	2020
Fixed-rate corporate promissory notes	₱8,078,421,328	₱5,204,857,924
Fixed-rate term loan	2,059,441,662	2,215,444,212
	10,137,862,990	7,420,302,136
Less current portion of long-term debt	3,547,206,477	2,302,998,099
	₱6,590,656,513	₱5,117,304,037

Parent Company

On December 16, 2015, the Parent Company acquired from BPI loan amounting ₱500.0 million, payable within five (5) years. The proceeds of the loan were used for general financing requirements and working capital purposes. In 2020, the loan was fully settled.

EEI

In 2014, the Group through EEI received ₱500.0 million proceeds from the issuance of unsecured fixed-rate corporate promissory notes to a local bank that bear annual interest of 5.20%. Subsequently, the bank reduced the interest rate to 4.80% effective May 26, 2015 until maturity. The promissory notes mature within seven (7) years from the date of issuance. The loan was fully paid in 2021.

On June 15, 2015, the Group received ₱1,000.0 million proceeds from the issuance of an unsecured fixed-rate corporate promissory note to a local bank that bears annual interest of 4.80%. The promissory note matures within seven (7) years from the date of issuance.

On May 23, 2018, the Group received ₱2,000.0 million proceeds from the issuance of an unsecured fixed-rate corporate promissory note to a local bank that bears annual interest of 4.80%. The promissory note matures within five (5) years from the date of issuance.

On November 11, 2019, the Group received ₱909.0 million proceeds from the issuance of an unsecured fixed-rate corporate promissory note to a local bank that bears annual interest of 3.9%. The promissory note matures within three (3) years from the date of issuance. The proceeds from the promissory notes were used for general corporate and project financing requirements.

On October 15, 2020, the Group received ₱3,000.0 million proceeds from the issuance of an unsecured fixed-rate corporate promissory note to a local bank that bears annual interest of 3.5%. The promissory note matures within three (3) years from the date of issuance.

On November 23, 2020, the Group received ₱1,000.0 million proceeds from the issuance of an unsecured fixed-rate corporate promissory note to a local bank that bears annual interest of 3.3%. The promissory note matures within three (3) years from the date of issuance.

On March 22, 2021, the Group received ₱1,500.0 million proceeds from the issuance of an unsecured fixed-rate corporate promissory note to a local bank that bears annual interest of 4.5%. The promissory note matures within three (3) years from the date of issuance.

On October 7, 2021, the Group received ₱2,500.0 million proceeds from the issuance of an unsecured fixed-rate corporate promissory note to a local bank that bears annual interest of 4.8%. The promissory note matures within three (3) years from the date of issuance.

On December 3, 2021, the Group received ₱1,500.0 million proceeds from the issuance of an unsecured fixed-rate corporate promissory note to a local bank that bears annual interest of 3.4%. The promissory note matures within three (3) years from the date of issuance.

The proceeds from the promissory notes were used for general corporate and project financing requirements.

EEI Power Corporation

On August 28, 2015, EEI Power availed an unsecured ₱500.0 million long-term loan from a local bank that bears an annual interest of 4.80%. The loan is payable in equal quarterly installments and will mature on August 27, 2022.

Biotech JP

On August 12, 2016, Biotech JP obtained an unsecured five-year long-term loan from Biotech Japan Corporation that bears an annual interest rate of 0.05%. The loan is payable at maturity date, including accrued interest.

On October 1, 2018, the Biotech JP obtained an unsecured 4.5 year long-term loan from Biotech Japan Corporation that bears an annual interest rate of 0.30%. The loan is payable in five equal annual installments and will mature on March 31, 2021.

In 2019, Biotech JP obtained an unsecured ₱47.60 million long-term loan from Biotech Japan Corporation that bears an annual interest of 0.30%. The loan is payable in equal semi-annual installments and will mature on September 13, 2030.

On April 24, 2020, BiotechJP availed an unsecured ₱21.8 million long-term loan from a foreign bank that bears an annual interest of 0.80%. The loan is payable in 18 equal semi-annual installments and will mature on September 13, 2030.

On September 25, 2020, BiotechJP availed an unsecured ₱92.3 million long-term loan from Biotech Japan Corporation that bears an annual interest of 3.0%. The loan is payable in equal semi-annual installments and will mature on March 31, 2030.

IPO

IPO, through NTC, entered into a 10-year unsecured term loan facility with a third party local bank for ₱650.0 million to finance its building refurbishment and/or expansion. The principal payments will be made in 28 quarterly payments starting May 2022. As of December 30, 2020, total drawdown from the long-term loan facility amounted to ₱380 million. The ₱300 million is subject to 5.5% fixed rate and the ₱80 million is subject to annual repricing based on higher of 5.5% or the prevailing one year benchmark rate or done rate of a liquid/active security, as agreed by the parties, with the same tenor if benchmark rate is not reflective of market rate, plus interest spread.

In September 2021, the ₱80 million is converted to a 5.5% fixed rate based on the presumption that the interest rate will increase in the succeeding years.

The loan is subject to certain covenants including maintaining a maximum debt-to-equity structure ratio of 3:1. As of December 31, 2021 and 2020, NTC has complied with its covenant obligations, including maintaining the required debt-to-equity ratio. For 2021 and 2020, interest expense recognized in profit or loss amounted to ₱21.3 million

In 2019, the IPO Group, through MCMI, entered into a ten-year secured long-term loan agreement with a local bank for ₱1,500.0 million to refinance the construction of MCMI's school buildings and facilities that were initially funded by short-term loans. MCMI made partial drawdowns against this agreement amounting to ₱680.0 million, ₱350.0 million and ₱470.0 million in January, June and July 2019, respectively. The loans were subject to prevailing borrower's rate, plus a minimum spread of 0.50% per annum, but in no case lower than 4% per annum, subject to quarterly repricing. MCMI shall repay the loan in 20 equal quarterly installments to start at the end of 21st quarter from the initial drawdown date. The loans were secured by the land and related improvements owned by MCMI with carrying value of ₱2,361.5 million and ₱2,376.8 million as of December 31, 2020 and 2019, respectively, and suretyship of MESI.

The loans were subject to certain positive and negative covenants such as the requirement for MESI to maintain its debt service cover ratio of at least 1.0 at all times and its debt-to-equity ratio of at least 75:25 starting on the third year of the loan reckoned from initial drawdown date or January 2022.

MCMI incurred debt issue cost amounting to ₱11.2 million which is being amortized over the loan term of 10 years using the effective interest method. The amortization of debt issue cost amounting to ₱2.4 million in 2021 and 2020 were recorded as part of interest expense.

Movements in the account follow:

	2021	2020
Balance at beginning of year	₱7,420,302,136	₱4,691,689,126
Availments	5,500,000,000	4,114,134,660
Payments	(2,784,810,550)	(1,387,893,054)
Transaction costs	2,371,404	2,371,404
Balance at end of year	10,137,862,990	7,420,302,136
Less current portion	(3,547,206,477)	(2,302,998,099)
	₱6,590,656,513	₱5,117,304,037

Interest expense incurred on these loans amounted to ₱273.6 million, ₱159.4 million and ₱124.1 million in 2021, 2020 and 2019, respectively.

The aforementioned loans require the Group to maintain certain financial ratios such as debt to equity ratio, current ratio and debt service coverage ratio calculated based on stipulation with the lender banks. As of December 31, 2021, and 2020, the Group was in compliance with the loan covenants.

21. EEI's Stock Option Plan

EEI's stock option plan, as amended (Amended Plan), had set aside 35 million common shares for stock options available to regular employees, officers and directors of the Group.

Under the Amended Plan, the option or subscription price must be equal to the book value of the EEI's common stock but not less than 80% of the average market price quoted in PSE for five trading days immediately preceding the grant, but in no case less than the par value. The option or subscription price should be paid over a period of five years in 120 equal semi-monthly installments. Shares acquired under the Amended Plan are subject to a holding period of one year.

A summary of the plan availments is shown below:

	Number of Shares
Shares allocated under the Original Stock Option Plan	19,262,500
Shares allocated under the Amended Stock Option Plan	15,737,500
Total shares allocated	35,000,000
Shares subscribed under the Original Stock Option Plan	19,365,815
Shares subscribed under the Amended Stock Option Plan	10,886,188
Total shares subscribed	30,252,003
Shares allocated at end of year	4,747,997

EEI opted to avail the exemption in PFRS 1, *First-time Adoption of Philippine Financial Reporting Standards*, from applying PFRS 2 upon adoption on January 1, 2005 as it allows non-adoption of PFRS 2 for equity instruments that were granted on or before November 7, 2002. Since 2000, there were no shares under the stock option plan that were granted, forfeited, exercised and expired.

No benefit expense is recognized relative to the shares issued under the stock option plan. When options are exercised, these are treated as capital stock issuances.

22. Related Party Transactions

Parties are considered to be related if one party has the ability, directly or indirectly, to control the other party or exercise significant influence over the other party in making financial and operating decisions. Parties are also considered to be related if they are subject to common control or the party is an associate or a joint venture. Related parties may be individuals or corporate entities.

Related parties include entities under common control, which pertains to other subsidiaries of PMMIC, which is the Group's ultimate parent company.

The year-end balances and transactions with respect to related parties included in the consolidated financial statements are as follows (amounts in thousands):

Category	2021		Terms	Conditions
	Amount/ Volume	Outstanding Balance Receivable (Payable)		
Parent Company - PMMIC

Parent Company - PMMIC

- a. Accounts payable to PMMIC pertains to unpaid expenses on shared costs such as legal expenses which are included under "Miscellaneous expense". Accounts payable to PMMIC as at December 31, 2021 and 2020 amounted to ₱1.1 million and ₱3.3 million, respectively.
- b. Dividends declared in 2021 and 2020 by the Parent Company amounted to nil and ₱0.01 million, respectively (Note 40). There were no outstanding dividends payable to PMMIC as at December 31, 2021 and 2020.

Associates

- c. In 2021 and 2020, dividend income earned from associates amounted to ₱124.6 million and ₱152.8 million, respectively. Outstanding dividends receivable from associates as at December 31, 2021 and 2020 amounted to ₱10.4 million and ₱14.3 million, respectively.
- d. Receivable from related parties arises from services rendered by the Parent Company and EEI to its associates. These services include management consultancy, internal audit fees and extension of advances. As at December 31, 2021 and 2020, the Group has an outstanding receivable from its associates amounting ₱32.5 million and ₱35.1 million, respectively. Management fee income charged to associates is fixed per month while audit fee income depends on the audit engagement letter agreed by both parties.

- e. Due to related parties pertains to advances extended by EEI Limited to ARCC. As at December 31, 2021 and 2020, the Group has an outstanding payable to its associates amounting nil.
- f. Outstanding subscription payable to an associate amounted to nil and ₱9.4 million as at December 31, 2021 and 2020.

Other affiliates

- g. In 2006, EEI sold parcels of land to EEI Retirement Fund, Inc. (EEI-RFI), a trustee of the EEI employees retirement fund. EEI-RFI is managed by RCBC Trust and Investment Division. The parcels of land sold are located in Manggahan, Quezon City and Bauan, Batangas. The receivables bear interest of 5% per annum in 2021, 2020 and 2019.

Starting January 2007, EEI and EEI-RFI entered into operating lease agreements for the said land and improvements. The terms are for one year and renewable every year with 5% increase effective January 1, 2014.

In 2013, the receivable from the EEI-RFI amounting to ₱390.0 million was restructured and reclassified to other noncurrent assets with fixed 5% interest rate per annum. In 2016, the Parent Company and the Fund agreed to extend the term of the payment until April 30, 2021.

Outstanding receivables amounted to nil and ₱38.0 million as of December 31, 2021 and 2020 respectively. Interest income earned from receivable from EEI-RFI amounted to ₱0.3 million, ₱3.2 million and ₱5.7 million for the years ended December 31, 2021, 2020 and 2019, respectively.

Entities under common control of PMMIC

- h. The Group maintains cash and cash equivalents with RCBC, an entity under common control. As at December 31, 2021 and 2020, cash and cash equivalents with RCBC amounted to ₱3,303.8 million and ₱2,713.6 million, respectively. The related deposits earn interest at the prevailing bank deposit rates. Interest income earned from cash and cash equivalents amounted to ₱12.2 million, ₱18.7 million and ₱32.6 million in 2021, 2020 and 2019, respectively.
- i. The Group generates income by providing security services at a 20% mark-up to entities under common control. In 2021, 2020 and 2019, the Group's agency fee income is attributable to security services provided to majority of RCBC branches in the country. As at December 31, 2021 and 2020, the Group's accounts receivable from RCBC amounted to ₱52.8 million and ₱43.9 million, respectively. Agency fees amounted to ₱50.8 million, ₱53.3 million and ₱55.6 million in 2021, 2020 and 2019, respectively.

The Group sold vehicle units to various entities under common control of PMMIC with terms ranging from 30-60 days. The outstanding receivable from the sale amounted to ₱29.0 million and ₱20.8 million as at December 31, 2021 and 2020 respectively. Revenues from motor vehicle sales amounted to ₱113.3 million, ₱77.5 million and ₱161.9 million in 2021, 2020 and 2019, respectively.

- j. Dividend income earned in 2021, 2020 and 2019 from entities under common control of PMMIC amounted to ₱0.55 million, ₱0.31 million and ₱0.03 million, respectively. Dividends were all collected in 2021 and 2020.

- k. Receivable from related parties arises mainly from janitorial services rendered by EEI (GAMSI) to the Group’s affiliates. The service revenue earned from janitorial serviced rendered in 2021, 2020 and 2019 amounted to ₱351.0 million, ₱225.9 million and ₱392.0 million, respectively.
- l. One of the subsidiaries entered into various agreements with entities under common control to perform property and project management services. Receivable from this transaction is accounted under “Management fee receivable”. The Group’s outstanding receivable from property and project management fees amounted to ₱59.6 million and 55.3 million as at December 31, 2021 and 2020, respectively. Services fees amounted to ₱160.1 million, ₱104.6 million and ₱131.6 million in 2021, 2020 and 2019, respectively.
- m. Payable to an entity under common control pertains to rental of office space and share in the utilities expense of the Group amounting to ₱0.1 million and ₱0.1 million as at December 31, 2021 and 2020, respectively.
- n. IPO and EEI obtains property and personnel insurance from its affiliated insurance company, Malayan Insurance Company, Inc. (MICO). Insurance contract coverage pertains to Group’s fire, accident, group and other insurance policies.
- o. In 2021 and 2020, payable to an entity with significant influence mainly pertains to management fees charged for the administration of the operations of IPO amounting to ₱10.8 and ₱10.2 million respectively.

The Group maintains its retirement fund with RCBC trust division. As at December 31, 2021 and 2020, the fair values of the plan assets of the retirement fund amounted to ₱1,749.4 million and ₱1,620.4 million, respectively (Note 32). Trust fees amounting to ₱6.5 million, ₱6.2 million and ₱5.1 million were recognized by the retirement plan arising from its transactions with RCBC for the years ended December 31, 2021, 2020 and 2019, respectively.

Remuneration of key management personnel

The remuneration of directors and other members of key management of the Group are as follows:

	2021	2020	2019
Compensation and short-term benefits	₱538,722,773	₱422,792,086	₱328,537,483
Post-employment benefits	37,690,202	28,962,153	52,506,507
	₱576,412,975	₱451,754,239	₱381,043,990

Terms and conditions of transactions with related parties

Outstanding balances at year-end are unsecured and settlement occurs in cash. There have been no guarantees provided or received for any related party receivables or payables. These mainly consist of advances and reimbursement of expenses. The Group has not recognized any impairment on amounts due from related parties for the years ended December 31, 2021 and 2020. This assessment is undertaken each financial year through a review of the financial position of the related party and the market in which the related party operates.

Identification, review and approval of related party transactions

Material related party transactions (MRPT) refers to any related party transactions, either individually, or in aggregate over a twelve (12)-month period with the same related party, amounting to ten percent (10%) or higher of the Group’s total consolidated assets based on its latest audited financial statements.

All material related party transactions shall be reviewed by the Group's Corporate Governance Committee and approved by the BOD with at least 2/3 votes of BOD, with at least a majority vote of the independent directors. In case that the vote of a majority of the independent directors is not secured, the material related party transactions may be ratified by the vote of the stockholders representing at least 2/3 of the outstanding capital stock.

23. Revenue from Contracts with Customers

Set out below is the disaggregation of the Group's revenue from contracts with customers for the years ended December 31:

	2021	2020	2019
Construction contracts	₱14,942,556,591	₱12,631,990,026	₱21,360,242,366
Sales of goods	3,580,696,783	3,810,574,547	7,040,475,333
Schools and related operations	3,351,067,232	3,017,106,523	2,996,772,925
Manpower	568,014,461	555,262,502	669,811,598
Power generation	156,602,705	118,446,748	348,840,955
Others	1,000,136,549	1,042,694,711	1,713,698,126
	₱23,599,074,321	₱21,176,075,057	₱34,129,841,303

Others comprised mainly of revenues from property management and car repairs and maintenance services.

Disaggregation of Revenues from construction contracts:

	2021	2020	2019
Building	₱6,825,132,430	₱4,113,537,063	₱6,479,980,648

Provision for probable losses on loans and accounts receivables and contract assets (Notes 7, 8 and 22)	133,092,139	148,263,273	47,745,804
Advertising and promotions	104,307,166	41,805,526	41,208,673
Repairs and maintenance	101,325,762	84,500,850	96,939,658
Rent, light and water	95,683,929	107,830,247	132,347,524
Securities and utilities	82,377,551	72,986,778	56,933,309
Transportation and travel	76,394,632	74,627,404	100,003,901
Management and other fees	66,354,650	87,769,526	67,963,961
Insurance	31,912,844	31,513,021	29,347,397
Professional fees	30,126,345	80,527,537	73,134,515
Commissions	28,627,187	23,715,324	22,199,733
Donations and contributions	26,388,196	12,020,323	13,182,360
Seminars	24,685,348	19,061,446	14,838,297
Entertainment, amusement and recreation	18,641,515	28,478,722	57,880,809
Office expenses	13,139,673	14,611,586	25,505,879
Selling expenses	5,899,498	4,266,581	6,327,424
Accreditation cost	34,304	-	60,313
Provision for inventory obsolescence (Note 9)	8,728	21,960,851	21,533,760
Provision for impairment	-	3,001,773	45,474,203
Miscellaneous	208,411,885	113,079,369	135,446,887
	₱2,817,475,078	₱3,098,567,525	₱2,818,964,302

Miscellaneous expense includes dues and subscriptions, periodicals, training and seminar, bank charges, legal and notarial fees, other contracted services and other admin charges.

Below are the details of net provision for probable losses on receivables (Note 7):

	2021	2020	2019
Provision			
Receivable	₱122,176,169	₱105,623,601	₱53,328,702

30. Depreciation and Amortization

This account consists of depreciation and amortization included in Notes 13, 14 and 17:

	2021	2020	2019
Cost of sales and services			
Construction contracts (Note 27)	₱426,907,258	₱517,834,550	₱548,063,243
Tuition and other fees (Note 28)	344,365,937	372,612,389	336,843,147
Manpower and other services (Note 27)	9,803,937	13,483,485	85,027,698
	781,077,132	903,930,424	969,934,088
General and administrative expenses (Note 29)	367,055,473	465,198,753	396,206,316
	₱1,148,132,605	₱1,369,129,177	₱1,366,140,404

Depreciation and amortization for the different assets follow:

	2021	2020	2019
Property and equipment (Note 13)	₱932,909,859	₱1,141,943,922	₱1,112,635,318
Right-of-use asset (Note 14)	209,506,215	220,146,604	246,866,013
Computer software (Note 17)	5,716,531	7,038,651	6,621,573
Investment property (Note 16)	-	-	17,500
	₱1,148,132,605	₱1,369,129,177	₱1,366,140,404

31. Interest and Finance Charges

The Group's interest and finance charges consist of interest on the following:

	2021	2020	2019
Loans payable (short-term) (Note 19)	₱319,475,191	₱434,306,860	₱561,555,227
Long-term debt (Note 20)	273,556,326	159,410,033	124,062,908
Lease liabilities (Note 14)	97,449,099	107,042,613	79,459,539
Advances to affiliates and other finance charges (Note 22)	17,887,935	11,811,591	15,532,583
	₱708,368,551	₱712,571,097	₱780,610,257

32. Retirement Plan

The Group has funded, noncontributory retirement plans (the Plans) for all of its regular employees, in compliance with RA No. 7641, The New Retirement Pay Law. The Plans provide for normal, early retirement, death and disability benefits. The most recent actuarial valuation was made for the Group's retirement plans as of December 31, 2021.

The following tables summarize the components of the benefit expense recognized in the consolidated statements of comprehensive income and amounts recognized in the consolidated statements of financial position for the retirement plans.

	2021	2020
Retirement liabilities	₱223,026,503	₱611,599,429
Retirement assets	18,129,661	4,726,582
Net retirement liabilities	204,896,842	606,872,847
Net retirement expenses	238,454,645	186,330,471

The net retirement expenses recognized by the Group (included in personnel expense in the consolidated statements of comprehensive income) are as follows:

	2021	2020	2019
Current service cost	₱217,307,806	₱180,066,728	₱117,938,111
Net interest cost	24,883,272	19,356,338	6,777,160
Past service cost	(3,497,005)	(7,488,530)	-
Actuarial gain on settlement	(239,428)	(5,604,065)	-
	₱238,454,645	₱186,330,471	₱124,715,271

The amounts recognized in the consolidated statements of financial position follow:

<i>Net retirement liabilities</i>	2021	2020
Present value of defined benefit obligation	₱1,777,367,543	₱2,175,645,385
Fair value of plan assets	(1,554,341,040)	(1,564,045,956)
	₱223,026,503	₱611,599,429

<i>Net retirement assets</i>	2021	2020
Present value of defined benefit obligation	₱101,170,071	₱51,603,000
Fair value of plan assets	(119,660,452)	(56,484,000)
Effect of asset ceiling	360,720	154,418
	(₱18,129,661)	(₱4,726,582)

The movements in the net retirement liability follow:

	2021	2020
Balance at beginning of year	₱606,872,847	₱439,546,890
Net retirement expense	238,454,645	186,330,471
Derecognition/ transfer	(99,220)	(224,503)
Benefit paid	(10,595,730)	(5,630,563)
Adjustment to defined benefit obligation	(163,297,717)	17,576,834
Contributions	(171,263,947)	(179,386,302)
Remeasurement loss (gain)	(295,174,036)	148,660,020
Balance at end of year	₱204,896,842	₱606,872,847

The movements in the present value of defined obligation follow:

	2021	2020
Balance at beginning of year	₱2,227,248,385	₱1,988,485,244
Current service cost	217,307,806	181,473,856
Interest cost on obligation	85,340,096	94,680,539
Derecognition/transfer	(100,099,220)	(45,017,042)
Benefits paid	(130,869,871)	(156,378,785)
Remeasurement loss (gain)	(344,656,873)	164,004,573
Balance at end of year	₱1,954,270,323	₱2,227,248,385

The movements in the fair value of plan assets follow:

	2021	2020
Balance at beginning of year	₱1,620,375,538	₱1,548,938,354
Contributions	171,263,947	183,270,404
Derecognition/transfer	63,363,904	(16,446,464)
Asset return in net interest cost	60,456,824	75,324,201
Adjustments to plan assets	3,670,246	(33,573,288)
Remeasurement gain (loss)	(49,482,837)	15,344,553
Benefits paid	(120,274,141)	(152,482,222)
Balance at end of year	₱1,749,373,481	₱1,620,375,538

In 2020, the Group derecognized the present value of defined benefit obligation and fair value of plan asset of the closed car dealership branches namely Honda Cars Fairview, Honda Cars Marikina, and Honda Cars Kalookan.

The major categories of plan assets and its fair value are as follows:

	2021	2020
Cash	₱448,001,074	₱473,097,185
Investment in government securities	899,123,775	727,163,282
Investments in shares of stock	333,000,804	327,580,235
Investments in other securities and debt instruments	58,410,555	82,941,015
Interest receivables and other receivables	21,513,483	14,856,362
Accrued trust fees and other payables	(10,676,210)	(5,262,541)
	₱1,749,373,481	₱1,620,375,538

The Group expects to contribute ₱181.88 million to its defined benefit retirement plans in 2022. The Retirement fund (Fund) of the Group is being maintained and managed, in trust, by RCBC Trust and Investment Group (TIG), an affiliate financial institution. Investment in shares of stocks comprised of investments in shares within the Group that are traded in the Philippine Stock Exchange.

Trust fees paid in 2021, 2020 and 2019 amounted to ₱6.57 million, ₱6.17 million and ₱5.20 million, respectively.

The composition of the fair value of the trust fund includes:

Investment in government securities - include investment in Philippine Retail Treasury Bonds (RTBs) and Fixed Rate Treasury Notes (FXTNs).

Cash - include savings and time deposit with affiliated bank and special deposit account with Bangko Sentral ng Pilipinas (BSP SDA).

Investment in equity securities - include investment in common and preferred shares traded in the Philippine Stock Exchange.

Investment in debt and other securities - include investment in long-term debt notes and retail bonds.

Interest and other receivables - pertain to interest and dividends receivable on the investments in the fund.

In 2021, the Fund has investment in equity securities of related parties with fair values and accumulated loss of ₱92.71 million and ₱8.2 million, respectively.

In 2020, the Fund has investment in equity securities of related parties with fair values and accumulated loss of ₱93.17 million and ₱10.1 million, respectively.

The voting rights of the above equity securities were assigned to RCBC TIG, being the investment manager who manages and administers the investments and reinvestments of the fund.

The principal actuarial assumptions used in determining retirement expense are as follows:

	2021	2020
Discount rate		
Beginning	3.65%-4.96%	4.79%-5.54%
End	3.42%-5.17%	3.42%-6.00%
Future salary increases		
Beginning	3.00%-6.50%	3.00%-6.61%
End	3.31%-6.50%	3.00%-6.50%

The sensitivity analysis that follows has been determined based on reasonably possible changes of each significant assumption on the retirement benefit obligation as of the end of financial reporting date, assuming all other assumptions were held constant.

	2021		2020	
	Increase (decrease)	Effect on defined benefit obligation	Increase (decrease)	Effect on defined benefit obligation
Discount rates	+50bps to +100bps	(₱286,559,363)	+50bps to +100bps	(₱227,516,665)
	-50bps to -100bps	370,322,817	-50bps to -100bps	396,070,475
Salary increase rates	+50bps to +100bps	389,403,437	+50bps to +100bps	415,504,646
	-50bps to -100bps	(296,521,871)	-50bps to -100bps	(239,653,997)

33. Income Taxes

The reconciliation between the statutory and effective income tax rates follows:

	2021	2020	2019
Statutory income tax rate	25.00%	(30.00%)	30.00%
Add (deduct) reconciling items:			
Impact of CREATE	10.29	-	-
Equity in net earnings of associates and joint venture	(9.40)	(13.86)	(0.66)
Movement of deferred income tax assets not recognized	(1.00)	(1.01)	(1.59)
Others	(9.70)	2.02	(5.97)
Effective income tax rate	15.19%	(42.85%)	21.78%

All companies in the Group are subject to the RCIT rate of 25%, except for MESI, MHSSI MCLI, MCMI, UNC, NTC and APEC which are subject to a lower tax rate of 1%.

The Group's net deferred tax assets and liabilities consist of the following:

	2021	2020
Net deferred income tax assets on a per subsidiary level:		
NOLCO	P1,113,066,250	P1,305,283,658
Allowance for ECL, inventory, obsolescence and other expenses	77,746,224	79,197,282
Remeasurement loss on defined benefit plans	34,001,470	155,273,331
MCIT	24,547,365	26,234,789
Excess of right-of-use-assets over lease liability	(27,276,626)	(15,357,951)
Unrealized foreign exchange loss	-	10,554,361
Others	664,968	19,211,292
	P1,222,749,651	P1,580,396,762
Net deferred income tax liabilities on a per subsidiary level:		
Revaluation increment on land	P860,760,524	P1,055,891,512
Accrued expenses	(15,430,739)	(15,430,739)
Retirement	(27,623,745)	(32,125,335)
Others	37,840,075	39,404,399
	P855,546,115	P1,047,739,837

The reconciliation of the Group's net deferred tax liabilities (assets) follow:

	2021	2020
Balance at beginning of year	(P532,656,925)	P828,509,885
Tax expense (income) recognized in:		
Other comprehensive income (loss)	(56,310,960)	35,108,099
Profit and loss	221,764,349	(1,396,274,909)
	(P367,203,536)	(P532,656,925)

The Group did not recognize deferred tax assets on the following temporary differences because the Group believes that it may not be probable that sufficient taxable income will be available in the near foreseeable future against which the tax benefit can be realized.

	2021	2020
NOLCO	₱150,819,187	₱160,333,661
Allowance for inventory obsolescence	15,073,958	7,459,325
MCIT	2,882,751	6,090,550
Accrued retirement expense	1,020,301	1,005,000

On September 30, 2020, the Bureau of Internal Revenue (BIR) issued Revenue Regulations (RR) No. 25-2020 implementing Section 4 (bbbb) of “Bayanihan to Recover As One Act” which states that the NOLCO incurred for taxable years 2020 and 2021 can be carried over and claimed as a deduction from gross income for the next five (5) consecutive taxable years immediately following the year of such loss.

As of December 31, 2021, the Group has incurred NOLCO in taxable years 2020 and 2021 which can be claimed as deduction from the regular taxable income for the next five (5) consecutive taxable years pursuant to the Bayanihan to Recover As One Act, as follows:

Year incurred	Amount	Applied/Expired	Balance	Expiry Year
2021	₱307,391,194	₱-	₱307,391,194	2026
2020	4,372,873,806	243,149,554	4,129,724,252	2025
	₱4,680,265,000	₱243,149,554	₱4,437,115,446	

As of December 31, 2021, the amount of NOLCO incurred before taxable year 2020 which can be claimed as deduction from the regular taxable income for the next three (3) consecutive taxable years:

Year incurred	Amount	Applied/Expired	Balance	Expiry Year
2019	₱30,586,211	₱15,436,657	₱15,149,554	2022

As of December 31, 2021, the amounts of MCIT still allowable as tax credit consist of:

Year incurred	Amount	Applied/Expired	Balance	Expiry Year
2021	₱3,097,999	₱-	₱3,097,999	2024
2020	15,757,849	-	15,757,849	2023
2019	14,444,622	8,753,105	5,691,517	2022
	₱33,300,470	₱8,753,105	₱24,547,365	

RA No. 11534 otherwise known as the Corporate Recovery and Tax Incentives for Enterprises Act or CREATE

President Rodrigo Duterte signed into law on March 26, 2021 the Corporate Recovery and Tax Incentives for Enterprises (CREATE) Act to attract more investments and maintain fiscal prudence and stability in the Philippines. RA No. 11534 or the CREATE Act introduces reforms to the corporate income tax and incentives systems. It takes effect 15 days after its complete publication in the Official Gazette or in a newspaper of general circulation or April 11, 2021.

The following are the key changes to the Philippine tax law pursuant to the CREATE Act which have an impact on the Group

- Effective July 1, 2020, RCIT rate is reduced from 30% to 25% for domestic and resident foreign corporations. For domestic corporations with net taxable income not exceeding ₱5 million and with total assets not exceeding ₱100 million (excluding land on which the business entity's office, plant and equipment are situated) during the taxable year, the RCIT rate is reduced to 20%.
- MCIT rate reduced from 2% to 1% of gross income effective July 1, 2020 to June 30, 2023.
- Imposition of improperly accumulated earnings tax is repealed.

As clarified by the Philippine Financial Reporting Standards Council in its Philippine Interpretations Committee Q&A No. 2020-07, the CREATE Act was not considered substantively enacted as of December 31, 2020 even though some of the provisions have retroactive effect to July 1, 2020. The passage of the CREATE Act into law on March 26, 2021 is considered as a non-adjusting subsequent event. Accordingly, current and deferred taxes as of and for the year ended December 31, 2020 continued to be computed and measured using the applicable income tax rates as of December 31, 2020 (i.e., 30% RCIT / 2% MCIT) for financial reporting purposes. Current and deferred taxes as of and for the year ended December 31, 2021 were computed and measured using the new tax rates in 2021.

The effect of CREATE Act in 2020 of a lower provision for current income tax for the year ended December 31, 2020 and lower income tax payable as of December 31, 2020, which was reflected in the Group's 2020 annual income tax return was only recognized for financial reporting purposes in the 2021 consolidated financial statements. Also, the effect in 2020 of a lower deferred tax assets and liabilities as of December 31, 2020 and provision for deferred tax for the year then ended of ₱259.25 million were recognized for financial reporting purposes only in the 2021 consolidated financial statements.

34. Earnings Per Share

Basic and diluted earnings (loss) per share amounts attributable to equity holders of the Group are computed as follows:

Basic earnings (loss) per share

	2021	2020	2019
Net income (loss)	₱1,073,010,312	(₱824,954,066)	₱974,033,430
Less dividends attributable to preferred shares	–	86,529	23,302,357
Net income (loss) applicable to common shares	1,073,010,312	(825,040,595)	950,731,073
Divided by the weighted average number of common shares	776,465,281	776,465,281	776,465,281
Basic earnings (loss) per share	₱1.3819	(₱1.0626)	₱1.2244

Diluted earnings (loss) per share

	2021	2020	2019
Net income (loss) applicable common share for basic earnings per share	₱1,073,010,312	(₱825,040,595)	₱950,731,073
Net income (loss) applicable to common stockholders for diluted earnings per share	1,073,010,312	(825,040,595)	950,731,073
Weighted average number of shares of common stock	776,465,281	776,465,281	776,465,281
Weighted average number of shares of common stock for diluted earnings per share	776,465,281	776,465,281	776,465,281
Diluted earnings (loss) per share	₱1.3819	(₱1.0626)	₱1.2244

In 2020 and 2019, the preferred stock conversion to common share has significantly reduced the number of potential common stock outstanding as of December 31, 2020 and 2019 making the options anti-dilutive, hence, no diluted earnings per share calculated. Thus, basic and diluted EPS are stated at the same amount.

The weighted average number of shares of common stock is computed as follows:

	2021	2020	2019
Number of shares of common stock issued	776,765,281	776,765,281	776,765,281
Less treasury shares	300,000	300,000	300,000
	776,465,281	776,465,281	776,465,281

35. Contingencies and Commitments

Provisions and Contingencies

The Group is involved in certain claims arising from the ordinary conduct of business which are either pending decision by the courts or are being contested, the outcome of which are not presently determinable. The estimate of the probable costs for the resolution of these claims has been developed in consultation with external counsels handling the defense in these matters and is based upon an analysis of potential results. The ultimate disposition of these matters cannot be determined with certainty. The Group will exhaust all legal remedies available to it in defending itself in these claims and proceedings.

The disclosure of additional details beyond the present disclosure may prejudice the Group's position and negotiation strategies with respect to these matters. Thus, as allowed under paragraph 92 of PAS 37, *Provisions, Contingent Liabilities and Contingent Assets*, only a general description is provided.

36. Non-controlling Interests

The summarized financial information attributable to non-controlling interests for significant subsidiaries as of and for the years ended December 31, 2021, 2020 and 2019 are as shown below:

	HI Cars, Inc. ^(a)		iPeople, inc. (IPO) and Subsidiaries ^(b)		EEI Corporation (EEI) and Subsidiaries ^(c)		La Funeraria Paz Suicat, Inc. (d)

(a) Proportion of ownership owned by non-controlling interests as of December 31, 2021 and 2020: 0.00% and 45.00%, respectively

(b) Proportion of ownership owned by non-controlling interests as of December 31, 2021 and 2020: 51.82%

(c) Proportion of ownership owned by non-controlling interests as of December 31, 2021 and 2020: 44.66%

(d) Proportion of ownership owned by non-controlling interests as of December 31, 2021 and 2020: 37.00%

Material Partly-Owned Subsidiaries

On December 23, 2021, EEI issued and listed in the PSE non-convertible preferred shares generating net proceeds of ₱5.96 billion. Cumulative dividends in arrears on preferred shares as at December 31, 2021 amounted to ₱6.55 million.

In February 2020, the Parent Company purchased additional 7,100,000 EEI shares for ₱59.97 million resulting to an increase in ownership interest from 54.65% to 55.34%. The non-controlling interest decreased from 45.35% to 44.66%.

In May 2019, the Parent Company sold the 281,642 shares of MESI to IPO, which represents 7% ownership in MESI. With this acquisition, MESI became 100% indirectly-owned subsidiary of the Parent Company through IPO. Subsequently, IPO issued 295,329,976 common shares from its unissued capital stock to AC, the parent company of AEI, in exchange for the merger of IPO and AEI, with IPO being the surviving corporation. Upon merger, the Parent Company's ownership interest over IPO was reduced from 67.34% to 48.18%. The non-controlling interest increased from 32.66% to 51.82% or an increase of ₱2.52 billion.

In November 2019, the Parent Company purchased additional 3,000,000 EEI shares for ₱40.00 million or 10.32 per share resulting to an increase in ownership interest from 54.36% to 54.65%. The non-controlling interest decreased from 45.64% to 45.35% or a decrease of ₱40.38 million.

In March 2019, the Parent Company purchased additional 90,000 shares of LFPSI for ₱25.00 million resulting to an increase in direct ownership from 37.50% to 50.00%. The Parent Company's effective interest including its indirect ownership through MMPC is 63.00% in 2019. As a result, Parent Company has obtained control over LFPSI and started accounted for the investee as a subsidiary using consolidation method under PFRS 10. The non-controlling interest in 2019 is 27.00% or ₱38.45 million.

In July 2019, the Parent Company sold its 50% shares in ZIFC to various individuals amounting to ₱6.80 million resulting to a loss of ownership interest from 50% to 0%. The non-controlling interest disposed in 2019 is ₱12.10 million.

In July 2021, the Parent Company purchased additional 27,000,000 HCI shares for ₱9.18 million or 0.34 per share resulting to an increase in ownership interest from 55.00% to 100.00%. The non-controlling interest decreased from 45.00% to 0.00%.

The Group recognized equity reserve from the changes in ownership amounting to a decrease by ₱24.58 million and ₱18.75 million in 2021 and 2020, respectively. This was included in "Equity reserve" representing the excess consideration paid for the carrying amount of the non-controlling interest.

37. Operating Segment Information

For management purposes, the Group's operating businesses are organized and managed separately according to the nature of the products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets.

Segment financial information is reported on the basis that it is used internally for evaluating segment performance and allocating resources to segments.

The Group derives its revenue from the following reportable segments:

Construction and Infrastructure - mainly consists of revenues from EEI as a general contractor and trader of construction equipment and parts. The subsidiaries of EEI are mainly involved in the provision for manpower services, construction, trading of equipment, power generation, steel fabrication, real estate and others.

Property services - represents property and project management services of the Group.

Education - primarily consists of revenues from IPO and subsidiaries in education and other related support services.

Car Dealership - represents automotive dealerships of the Group.

Other Services - represent support services which cannot be directly identified with any of the reportable segments mentioned above. These include sale of pharmaceutical products, trading of consumer goods and rendering various services to the consumers.

Segment assets and liabilities exclude deferred income tax assets and liabilities. Inter-segment income arise from transactions that were made on terms equivalent to those that prevail in an arms-length transactions.

Management monitors construction revenue and segment net income for the purpose of making decisions about resource allocation. Segment performance is evaluated based on net income and construction revenue.

Segment reporting is consistent in all periods presented as there are no changes in the structure of the Group's internal organization that will cause the composition of its reportable segment to change.

Transfer prices between operating segments are on an arm's length basis in a manner similar to transactions with third parties.

In 2021, revenue from two (2) customer from the the construction and infrastructure segment contributed revenue that exceeded 10% of the Group's revenue. Following are the revenue contributed by each of these customers: ₱4,485 million and ₱3,821 million.

In 2020, revenues from two (2) customers from the construction and infrastructure segment each represents 10% or more of the Group's revenue. Following are the revenue contributed by each of these customers: ₱2,668 million and ₱2,384 million.

In 2019, revenues from two (2) customers from the construction and infrastructure segment each represents 10% or more of the Group's revenue. Following are the revenue contributed by each of these customers: ₱4,557 million and ₱3,144 million.

38. Financial Instruments and Financial Risk Management Objectives and Policies

Financial Risk Management Objectives and Policies

The main purpose of the Group's financial instruments is to raise finances for the Group's operations.

The main risks arising from the Group's financial instruments are liquidity risk, market risk, and credit risk. The BOD reviews and agrees on the policies for managing these risks, as well as approving and authorizing risk limits set by management, summarized below. There were no changes in the policies for managing these risks.

a. *Liquidity risk*

Liquidity risk is the risk that the Group will be unable to meet its payment obligations as they fall due. The Group seeks to manage its liquidity risk to be able to meet its operating cash flow requirements, finance capital expenditures and service maturing debts. As an inherent part of its liquidity risk management, the Group regularly evaluates its projected and actual cash flows. To cover its short-term and funding requirements, the Group intends to use internally generated funds and available short-term and long-term credit facilities.

The maturity groupings are based on the remaining period from the end of the reporting period to the contractual maturity date.

The tables below summarize the maturity profile of the Group's financial assets and financial liabilities as at December 31:

	2021				Total

*Excluding statutory liabilities

As of December 31, 2021, the Group has available undrawn committed borrowing facilities with local banks totaling to ₱21.2 billion.

b. Market risk

Market risk is the risk of loss to future earnings, to fair values or to future cash flows that may result from changes in the price of a financial instrument. The value of a financial instrument may change as a result of changes in equity prices, foreign currency exchange rates and interest rates.

c. Equity price risk

The Group's equity price risk exposure at year-end relates to financial assets whose values will fluctuate as a result of changes in market prices, principally, equity securities classified as available-for-sale securities.

Quoted available-for-sale securities assets are subject to price risk due to changes in market values of instruments arising either from factors specific to individual instruments or their issuers or factors affecting all instruments traded in the market. The Group's market risk policy requires it to manage such risks by setting and monitoring objectives and constraints on investments; diversification plan; and limits on investment in each industry or sector.

The analysis below is performed for reasonably possible movements in the market index with all other variables held constant, showing the impact on equity.

	2021		2020	
	Change in variable	Effect on equity	Change in variable	Effect on equity
Market Index				
PSE	12.24% (12.24%)	3,326,397 (3,326,397)	20.76% (20.76%)	4,152,303 (4,152,303)
Others	18.47% (18.47%)	1,274,272 (1,274,272)	33.24% (33.24%)	2,027,396 (2,027,396)

The percentage of increase and decrease in market price is based on the movement in the Philippine Stock Exchange Index (PSEI) and other market index pertaining to golf and country club shares from beginning to end of the year. The sensitivity analyses shown above are based on the assumption that the movement in PSE composite index and other quoted equity securities will be most likely be limited to an upward or downward fluctuation of 12.24% and 20.76% in 2021 and 2020, respectively.

The impact of sensitivity of equity prices on the Group's equity already excludes the impact on transactions affecting the consolidated statements of income.

Foreign currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Group's currency risk arise mainly from cash and receivables which are denominated in a currency other than the Group's functional currency or will be denominated in such a currency.

Foreign currency risk is monitored and analyzed systematically and is managed centrally by the central finance department. The Group's policy is to maintain foreign currency exposure within existing internal regulations, and within acceptable risk limits as approved by the BOD.

The following table demonstrates the sensitivity to a reasonably possible change in the US dollar (USD, US\$), Singaporean dollar (SGD, S\$), Euro (EUR, €), Japanese yen (JPY, ¥) and British pound (GBP, £) currency rates, with all variables held constant, of the Group's profit before tax (due to changes in the fair value of monetary assets and liabilities).

	2021		2020	
	Percentage increase/decrease in foreign currency	Effect on profit before tax	Percentage increase/decrease in foreign currency	Effect on profit before tax

There are no other effects of the foreign currency sensitivity on the Group's equity other than those already affecting the consolidated statements of income.

Interest rate risk

The Group's exposure to market risk for changes in interest rates relates primarily to the Group's short-term and long-term obligations.

In order to effectively manage its interest rate risk and its financing costs, the Group closely monitors the movements of interest rates, as well as, economic factors affecting the trends of these movements. In certain cases, depending on its assessment of future movements of interest rates, the Group would pre-terminate its debt and obtain a new loan facility which provides for either floating or fixed interest rates. This is intended to minimize its financing costs.

The table below demonstrates the sensitivity to a reasonably possible change in interest rates, with all other variables held constant, of the Group's profit before tax (through the impact on floating rate borrowings):

	2021		2020	
	Increase/decrease in basis points	Effect on profit before tax	Increase/decrease in basis points	Effect on loss before tax
Peso floating rate borrowing	+963	(76,902,038)	+690	55,442,960
	-963	76,902,038	-690	(55,442,960)

The forecasted movements in percentages of interest rates used were sourced by management from an affiliated bank. These are forecasted movements in the next twelve months.

There are no other impact on the Group's equity other than those already affecting the consolidated statements of income.

d. *Credit risk*

The Group's exposure to credit risk on its receivables relates primarily to the inability of the debtors to pay and fully settle the unpaid balance of receivables owed to the Group. The Group manages its credit risk in accordance with its credit risk policies which requires the evaluation of the creditworthiness of the debtors. The Group's exposure to credit risk on its other receivables from debtors and related parties is managed through close account monitoring and setting limits.

For a financial asset that arises from long-term construction contracts, the Group considers the asset to be in default if contractual payments are not settled within 90 days from the completion of the construction project. The Group's normal credit terms for construction projects is within 90 days based on its historical experience. However, in certain cases, the Group may also consider a financial asset to be in default when internal or external information indicates that the Group is unlikely to receive the outstanding contractual amounts in full. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

Concentrations arise when a number of counterparties are engaged in similar business activities, or activities in the same geographic region, or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions.

The Group's maximum credit risk exposure for its secured loans receivables is equal to its carrying value in 2021 and 2020. The Group holds collateral against these loans receivables in the form of mortgage interests over property. The fair values of the collateral amounts to nil in 2021 and 2020. This resulted to a nil net exposure as at December 31, 2021 and 2020.

With respect to credit risk arising from cash and cash equivalents, unsecured loans receivables, accounts receivable, due from related parties, available-for-sale securities and receivables from EEI- RFI, the Group's exposure to credit risk arises from default of the counterparty, with a maximum exposure equal to the carrying amount of these instruments.

The information about the credit exposure on the Company's receivables and contract assets using provision matrix and the credit quality of other financial assets is as follows:

	2021				Total
	Neither past due nor impaired		Past Due and Impaired Financial Assets

	₱3,805,856,175	₱7,178,464,400	₱362,576,070		₱7,178,464,400

Neither past due nor impaired accounts receivables, other receivables are classified into 'high grade' and 'standard grade'. The Group sets financial assets as 'high grade' based on the Group's positive collection experience. The counterparties have a very remote likelihood of default and have consistently exhibited good paying habits. On the other hand, 'standard grade' are those which have credit history of default in payments.

Past due and impaired financial assets are those outstanding balances which are historically collected after due dates. Impairment is performed at each reporting date using a provision matrix to measure expected credit losses. The provision rates are based on days past due for groupings of customer segments with similar loss patterns (i.e., type of customers). The calculation reflects the probability-weighted outcome and reasonable and supportable information that is available at the reporting date about past events, current conditions and forecasts of future economic conditions.

The Company has the following financial assets that are subject to the expected credit loss model under PFRS 9:

- Cash and cash equivalents;
- Receivables;
- Contract assets
- Advances to officers and employees

The ending loss allowances as of December 31, 2021 and 2020 reconcile to the opening loss allowances as follows:

	2021	2020
Balance at beginning of year	P366,936,427	P286,043,524
Provisions	122,176,169	105,623,601
Write off	(9,601,876)	(24,730,698)
Balance at end of year	P479,510,720	P366,936,427

Credit Quality

The Group maintains internal credit rating system. Neither past due nor impaired financial assets are graded as either “Grade A/ High Grade” or “Grade B/ Standard Grade” based on the following criteria:

- Grade A are accounts considered to be of high value. The counterparties have a very remote likelihood of default and have consistently exhibited good paying habits.
- Grade B are active accounts with minimal to regular instances of payment default, due to collection issues. These accounts are typically not impaired as the counterparties generally respond to the Group’s collection efforts and update their payments accordingly.

Cash in banks and cash equivalents are short-term placements and working cash fund placed, invested or deposited in reputable foreign and local banks in the Philippines. These financial assets are classified as Grade A due to the counterparties’ low probability of insolvency.

Receivables and receivables from related parties are Grade A because they are from related parties, employees and accredited customers who are highly reputable, progressive and consistently pay their accounts.

Security and other deposits and construction bond are Grade A since these were paid to creditworthy third parties.

The Group’s financial assets considered as neither past due nor impaired are all graded “A” based on the Group’s assessment.

A summary of Group exposure to credit risk under general and simplified approach as of December 31, 2021 and 2020 follows:

2021

	General Approach			Simplified Approach
	Stage 1	Stage 2	Stage 3	
Amortized cost				
Cash and cash equivalents	P9,056,486,073	P-	P-	P-
Trade receivables	-	-	-	3,916,714,738
Nontrade receivables	291,361,030	-	-	-
Contract asset	-	-	-	9,877,856,941
Total gross carrying amounts	9,347,847,103	-	-	13,794,571,679
Less allowance	-	-	-	536,655,805
	P9,347,847,103	P-	P-	P13,257,915,874

2020

	General Approach			Simplified Approach
	Stage 1	Stage 2	Stage 3	
Amortized cost				
Cash and cash equivalents	₱3,218,733,775	₱–	₱–	₱–
Trade receivables	–	–	–	5,285,114,818
Nontrade receivables	427,895,446	–	–	–
Contract asset	–	–	–	8,635,691,120
Total gross carrying amounts	3,646,629,221	–	–	13,920,805,938
Less allowance	–	–	–	403,721,730
	₱3,646,629,221	₱–	₱–	₱13,517,084,208

In 2021 and 2020, there were no movements between stage 1, 2 and 3.

Capital Management

The primary objective of the Group's capital management is to ensure that it maintains a strong credit rating and healthy capital ratios in order to support its business and maximize shareholder value.

The Group which is composed of diversified operations (i.e. construction and infrastructure operations, education and finance and leasing activities) manages its capital on a per entity basis. Each entity manages its capital structure and makes adjustments to it, in light of changes in economic conditions. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. No changes were made in the objectives, policies or processes during the years ended December 31, 2021 and 2020.

As at December 31, 2021 and 2020, the Group is subject to externally imposed capital requirements from its debt covenants including maintaining a maximum debt-to-equity structure ratio of 3:1 on NTC's unsecured bank loan and debt-to-equity structure ratio of 3:1 on the Parent Company's unsecured bank loan (Note 20). As of December 31, 2021 and 2020, the Group has complied with the provisions of the debt covenants. The Group considers total equity as its capital.

Parent Company, EEI and IPO

The Parent Company, EEI (construction and infrastructure operations) and IPO (education) monitor capital using gearing ratio. The Parent Company, EEI and IPO's policies are to keep the gearing ratio up to a maximum of 2:1, 4:1 and 2:1, respectively.

	2021	2020
Current liabilities	₱17,188,279,183	₱19,847,587,457
Noncurrent liabilities	9,326,900,885	9,570,310,084
Total liabilities (a)	26,515,180,068	29,417,897,541
Equity (b)	30,552,860,553	22,581,715,462
Debt to Equity Ratio (a/b)	0.87:1	1.29:1

On December 23, 2021, EEI issued and listed in the PSE non-convertible preferred shares generating net proceeds of ₱5.96 billion. Cumulative dividends in arrears on preferred shares as at December 31, 2021 amounted to ₱6.55 million.

Fair Value Information

The Group uses the following hierarchy in determining and disclosing the fair value of financial instruments by valuation techniques:

- *Level 1* - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- *Level 2* - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- *Level 3* - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

The following methods and assumptions were used to estimate the fair value of each class of financial instrument for which it is practicable to estimate such value:

- *Cash and cash equivalents, receivables, due from related parties, accounts payable and other current liabilities, short-term loans and due to related parties*
Carrying amounts approximate fair values due to the short-term nature of these accounts.
- *Receivable from EEI RFI* (Notes 7 and 17)
The fair values of the receivable amounting to nil and ₱38.0 million as of December 31, 2021 and 2020, respectively, were estimated as the present value of all future cash flows discounted using the applicable rates for similar types of loans (Level 2 - significant observable inputs). Discount rates used in 2021 and 2020 were nil and 1.41%, respectively.
- *Interest-bearing trade receivables* (Notes 7 and 17)
The fair value of interest-bearing trade receivables amounting to ₱16.1 million and ₱23.2 million as of December 31, 2021 and 2020, respectively, was estimated as the present value of all future cash flows discounted using the applicable rates for similar types of loans (Level 2 - significant observable inputs). Discount rate used in 2021 and 2020 was 1.66% and 1.41%, respectively.
- *Receivable from sale of investment properties* (Notes 7)
The fair value of the receivable from sale of investment property amounting to ₱17.3 million and ₱21.3 million as of December 31, 2021 and 2020, respectively, was estimated as the present value of all future cash flows discounted using the applicable rates for similar types of loans (Level 2 - significant observable inputs). Discount rate used in 2021 and 2020 was 1.66% and 1.41%, respectively.
- *Equity investments at FVOCI* (Note 11)
Quoted investments
Fair value of investments in equity shares listed with Philippine Stock Exchange amounting to ₱109.3 million and ₱91.6 million as of December 31, 2021 and 2020, respectively, were determined by reference to the quoted price in the stock exchange at the end of the reporting period (Level 1 - quoted prices in active market).

Fair values of investments in club/golf shares amounting to ₱19.0 million and ₱16.9 million as of December 31, 2021 and 2020, respectively, were determined by reference to the price of the most recent transaction at the end of the reporting period (Level 2 - significant observable inputs).

Hermosa Ecozone Development Corporation

The fair value of the Group's investment in HEDC is determined using the adjusted net asset approach wherein the assets of HEDC consisting mainly of parcels of land are adjusted from cost to their fair value. The valuation was performed by an independent SEC-accredited appraiser as of December 31, 2021.

The significant unobservable inputs (Level 3) used in the fair value measurement of HEDC are as follows:

The fair values of the land were determined using the market approach which is a valuation technique that uses prices and other relevant information generated by market transactions involving identical or comparable assets and adjusted to reflect differences on size (20%), location (20%) and facilities and utilities (5%). Significant favorable (unfavorable) adjustments to the aforementioned factors based on the professional judgment of the independent appraisers would increase (decrease) the fair value of land. Depending on the status of the development, the value of the land per sqm ranges from ₱490 to ₱5,900.

A 5% increase (decrease) in the appraised value of the land per sqm could increase (decrease) the Group's investment by ₱15.7 million.

- *Long-term debt* (Note 20)

The carrying value approximates the fair value using the EIR method because future payments are discounted based on interest at market rate.

The fair values of the interest-bearing long-term debt amounting to ₱10,137.9 million and ₱7,420.3 million as of December 31, 2021 and 2020, respectively, were estimated as the present value of all future cash flows discounted using the applicable rates for similar types of loans (Level 2 -significant observable inputs). Discount rates used in 2021 and 2020 were and 3.25% to 4.31%, respectively.

- *Long-term retention payable*

The fair values of the retention payable which is included in other noncurrent liabilities amounting to ₱242.9 million and ₱273.6 million as of December 31, 2021 and 2020, respectively, were estimated as the present value of all future cash flows discounted using the applicable rates for similar types of loans (Level 2 - significant observable inputs). Discount rates used in 2021 and 2020 were 1.66% and 1.41%, respectively.

As at December 31, 2021 and 2020, there were no transfers between Level 1 and Level 2 fair value measurements. There are no financial assets and financial liabilities recognized at fair value based on Level 3 and there are no transfers in and out of Level 3 categories in 2021 and 2020. No financial instrument fall within Level 3.

There were no transfers between levels of fair value measurements in 2021 and 2020. No transfers between any levels of the fair value hierarchy took place in the equivalent comparative period.

39. Capital Stock

Preferred stock

The authorized preferred stock is 2,500,000,000 shares at ₱0.40 par value. A reconciliation of the number of preferred shares outstanding as at December 31, 2021, 2020 and 2019 follows:

	2021		2020		2019	
	Amount	Shares	Amount	Shares	Amount	Shares
Balance at beginning of year	₱-	-	₱6,710,402	16,776,001	₱247,414,156	618,535,387
Redemption of preferred stock	-	-	(6,710,402)	(16,776,001)	-	-
Conversion of preferred stock to common stock	-	-	-	-	(240,703,754)	(601,759,386)
Balance at end of year	₱-	-	₱-	-	₱6,710,402	16,776,001

Redeemed preferred shares carried at ₱0.40 par value are treasury shares.

Common stock

The authorized common stock is 1,250,000,000 shares at ₱1.50 par value. A reconciliation of the number of common shares outstanding as at December 31, 2021, 2020 and 2019 follows:

	2021		2020		2019	
	Amount	Shares	Amount	Shares	Amount	Shares
Balance at beginning of year	₱1,165,147,926	776,765,281	₱1,165,147,926	776,765,281	₱924,444,172	616,296,114
Conversion of preferred stock	-	-	-	-	240,703,754	160,469,167
Balance at end of year	1,165,147,926	776,765,281	1,165,147,926	776,765,281	1,165,147,926	776,765,281
Treasury stock	(2,607,600)	(300,000)	(2,607,600)	(300,000)	(2,607,600)	(300,000)
	₱1,162,540,326	776,465,281	₱1,162,540,326	776,465,281	₱1,162,540,326	776,465,281

On May 24, 2013, the Parent Company repurchased 300,000 shares held as treasury stock at ₱8.69 per share for ₱2.61 million.

Details of the capital redemption and conversion follow:

Date of Redemption	Amount		Record Date	Payment Date
March 30, 2020	₱6,710,402	₱0.40	April 27, 2020	May 20, 2020

Movement	-	-
December 31, 2020	776,465,281	384
Movement	-	-
December 31, 2021	776,465,281	384

SEC approved the registration of the Parent Company's authorized capital stock before its listing date with the PSE, which was on July 2, 1962. The actual number of shares initially listed were 584,085 at an offer price of ₱10.0 per share. Total number of preferred and common shareholders was nil and 384, respectively, as of December 31, 2021 and nil and 384, respectively, as of December 31, 2020.

40. Retained Earnings

Cash Dividends

The BOD declared cash dividends in 2021, 2020 and 2019 as follows:

Date of BOD Approval	Amount	Amount per share		Record Date	Payment Date
		Preferred Shares	Common Shares		
March 30, 2020	₱86,529	₱0.00515	₱-	April 27, 2020	May 20, 2020
April 5, 2019	₱4,688,498	₱0.00758	₱-	May 2, 2019	May 28, 2019
July 19, 2019	4,459,640	0.00721	-	August 15, 2019	September 10, 2019
July 19, 2019	50,758,965	0.01733	0.065	August 15, 2019	September 10, 2019
October 4, 2019	3,349,142	0.005415	-	October 31, 2019	November 20, 2019
December 6, 2019	85,860	0.005118	-	January 2, 2020	January 28, 2020
	₱63,342,105				

On December 31, 2021, the Parent Company's BOD approved appropriation of retained earnings amounting to ₱3.5 billion, for planned investments and business expansion that the Parent Company intends to carry out for the next 2-3 years. On the same date, the Parent Company approved the reversal of ₱2.5 billion appropriation made in 2019 and 2018 following the completion of its previous planned investment and business expansion.

On March 30, 2020, the BOD approved the declaration of cash dividends of ₱0.00516 per share with a total amount of ₱0.09 million to the stockholders of the Parent Company's preferred shares on record as of April 27, 2020, payable on May 20, 2020.

On December 31, 2019, the Company's BOD approved additional appropriation of retained earnings amounting to ₱400 million for planned investments and business expansion that the Parent Company intends to carry out for 2-3 years.

On December 31, 2018, the Company's BOD approved additional appropriation of retained earnings amounting to ₱2,100 million for planned investments and business expansion that the Parent Company intends to carry out for 2-3 years.

On June 22, 2018, the BOD of EEI approved the appropriation of retained earnings of ₱4.0 billion for purchase of property and equipment as business expansion and manpower training program for the next three to five years. On December 4, 2020, the BOD of EEI approved the reversal of the said appropriation to make funds available for the ongoing projects, particularly in infrastructure.

Retained earnings include ₱3,582.3 million and ₱2,580.1 million as of December 31, 2021 and 2020, respectively, representing treasury shares, appropriated retained earnings and deferred tax assets that are not available for dividend declaration. After reconciling items, the retained earnings of the Parent Company that are available for dividend declaration amounted to ₱650.9 million and ₱1,359.3 million as of December 31, 2021 and 2020, respectively.

Under the Tax Code, publicly-held Corporations are allowed to accumulate retained earnings in excess of capital stock and are exempt from improperly accumulated earnings tax.

Restrictions

The Group's retained earnings include accumulated earnings of subsidiaries, associate and joint venture amounting to ₱5,766.5 million and ₱5,846.8 million as of December 31, 2021 and 2020, respectively, not declared as dividends to the Group. Accordingly, these are not available for dividend declaration.

41. Other Matters

- a. On February 23, 2022, the Parent Company sold 1,612,759 SLRHSI shares to Sojitz Corporation amounting to ₱674,254,057 resulting to a gain on sale of shares amounting to ₱389.17 million. The sale resulted to decrease in percentage of ownership of the Parent Company on SLRHSI from 100% to 85%.
- b. On February 8, 2022, SLRHSI received cash from Sojitz Corporation amounting to ₱486.42 million as deposit for future stock subscription.
- c. In February 2022, the BOD of the EEI group approved the infusion of ₱41.7 million additional capital to BiotechJP.
- d. Risks and Impacts of COVID-19
The Group, in cooperation with the Yuchengco Group of Companies Business Continuity Management - Disaster Recovery Management (“YGC BCM-DRM) Council have taken the necessary precautionary measures to mitigate the risks that may cause disruptions to its various businesses.
 1. Risk to the health and safety of employees, clients, suppliers, and communities. House of Investments and its subsidiaries have adopted the Department of Health guidelines and regularly give advisories on COVID-19 precautionary measures to ensure compliance with the Inter-Agency directives on Community Quarantine. The Group has also adopted its own protocols, including, but not limited to regular and frequent disinfection of buildings and office premises, temperature checks at all entry points and restricting entry of visitors to office premises. To further minimize the risk of person-to-person transmission, the Group has limited the assembly of people by conducting meetings via video- and/or tele-conferencing. The Group also implemented a combination of Four-day Work Week and Work-from-Home arrangements while ensuring that service interruptions to its clients are minimized.
 2. Disrupted business operations. The Group is compliant with national and local ordinances. To ensure minimal service interruptions and that its operations are not hampered, its various businesses have identified and designated essential and non-essential employees and wherever appropriate, have setup skeletal workforce.

Despite the suspension of classes, disruptions on the academic outcomes of students were minimized as the Group’s schools utilized alternative means to continue course work, e.g. on-line classes, coursework online, and independent projectized learning, among others. All these blended learning initiatives using multiple e-learning and course monitoring platforms allowed the students to fulfill their course requirements to comply with CHED or DepEd academic requirements amid the prolonged suspension of classes.

The Group’s Property Management team enhanced their services being at the forefront of the crisis management operations. The team is working hand-in-hand with the YGC BCM-BRM Council on the Group’s group-wide risk mitigation initiatives.

3. Disrupted supply chain management. The Group is conducting assessments on all resources expected to come in and those expected to be ordered, particularly on the supply of resources coming from infected areas while taking into consideration the community quarantine declared in Metro Manila. In coordination with their respective planning groups, each business unit is working on making adjustments to minimize the impact of such disruption. This includes focusing on activities that have no issues with the supply of resources and looking for alternative suppliers from “virus-free” areas.
4. Disruption in Construction Segment. The COVID-19 pandemic has continuously impacted the Group’s operation and financial performance in 2021.

At the end of 2021, the construction segment’s unworked portion of existing contracts stood at ₱54.0 billion, including ARCC’s backlog of ₱23.99 billion. The construction segment considers this backlog of projects as healthy and sustainable. The construction segment expects an overall strong performance in its domestic operations driven by the current buildings, infrastructure, electromechanical, and industrial projects in its pipeline as production continues to pick-up. Despite the delays in operations caused by the COVID-19 pandemic, the backlog was preserved and will be realized as construction works resume.

The COVID-19 pandemic was treated as an opportune time to recalibrate the Yuchengco Group of Companies’ investment portfolio strategy via sharper focus on optimizing returns from existing businesses and a more disciplined process on capital deployment. The recovery exhibited in the operating results of its various business segments in 2021 is a testament that the Group’s efforts were effective.

HOUSE OF INVESTMENTS, INC. AND SUBSIDIARIES
SUPPLEMENTARY INFORMATION AND DISCLOSURES REQUIRED ON
REVISED SRC RULE 68
DECEMBER 31, 2021

Philippine Securities and Exchange Commission (SEC) issued the Revised Securities Regulation Code (SRC) Rule 68 which consolidates the two separate rules and labeled in the amendment as “Part I” and “Part II”, respectively. It also prescribed the additional information and schedule requirements for issuers of securities to the public.

Below are the additional information and schedules required by Revised SRC Rule 68 that are relevant to the Group. This information is presented for the purpose of filing with the SEC and is not required part of the basic financial statements.

Schedule A. Financial Assets in Equity Securities

The Group is not required to disclose the financial assets in equity securities as the equity investments at fair value through other comprehensive income (FVOCI) amounting ₱527.37 million do not constitute 5% or more of the total current assets of the Group as at December 31, 2021.

Schedule B. Amounts Receivable from Directors, Officers, Employees, Related Parties and Principal Stockholders (other than related parties)

As at December 31, 2021, the Group has no receivable above P1 million or 1% of the total assets, whichever is lower from directors, officers, employees, and principal stockholders (other than related parties).

Schedule C. Amounts Receivable from Related Parties which are eliminated during the Consolidation of Financial Statements

Below is the schedule of receivables with subsidiaries, which are eliminated in the consolidated financial statements as at December 31, 2021:

Name and designation of debtor	Balance at beginning of year	Additions	Amounts collected	Amounts written off	Balance at end of year
<i>Landev Corporation</i>
